

LEADING MEN WERE SLAIN BY NIGHT RIDERS

Called from Hotel in Tennessee, Taken to Woods and Lynched.

Union City, Tenn., Oct. 20.—Col. R. Z. Taylor, aged 60 years, and Capt. Quinten Rankin, both prominent attorneys of Trenton, Tenn., were taken from Ward's hotel at Walnut Log, Tenn., fifteen miles from here, at midnight last night by masked night riders and murdered.

Captain Rankin's body was found this morning riddled with bullets and hanging from a tree, one mile from the hotel.

Efforts to locate the body of Colonel Taylor have been futile thus far, but it is believed that he was also killed. Sheriff Eastwood, of Obion county, and a posse of armed men left Union City this morning for the scene of the murder. These men are determined to arrest those guilty of the crime and if they meet any of the night riders it is expected that a pitched battle will be fought. Sheriff Haynes, of Lake county, is also on his way to the scene with a posse from Tiptonville.

Cause of the Trouble.

The trouble which resulted in the death of Captain Rankin and the probable murder of Colonel Taylor was caused by the passage of an act by the legislature regulating fishing in Reel Foot lake, a short distance from Walnut Log.

Night rider disturbances over the same matter occurred about a year ago.

Ever since then Colonel Taylor and Captain Rankin have been in constant receipt of threatening letters to which they paid little heed.

Mr. Ward, the manager of the Ward hotel at Walnut Log, telephoned Sid Waddell, a stockholder in the West Tennessee Land company, stating that about twenty-five masked night riders came to his hotel at midnight last night.

Called Out and Seized.

According to this report the night riders lined up outside the hotel, pulled out their revolvers and called for Colonel Taylor and Captain Rankin. The two men did not suspect trouble and came down immediately. As the attorneys passed into the front yard of the hotel the night riders covered them with their revolvers. Before Captain Rankin and Colonel Taylor had an opportunity to retreat they were surrounded and seized. They were put on horses behind night riders and carefully guarded.

The night riders then quietly took up their march from the hotel, turning down the road toward Reel Foot lake.

Guests at the hotel in a few minutes lost the sound of the hoof beats and nothing more was learned of the fate of Captain Rankin and Colonel Taylor until this morning.

Captain Rankin Hanged.

Proceeding to the edge of Reel Foot lake, the night riders pulled out a rope, with which they had provided themselves, and placed the noose about Captain Rankin's neck.

Examination of the scene of the murder failed to reveal evidence of any struggle.

Captain Rankin was strung up from a limb on the bank of the lake for the fishing privileges of which he had contended with the night riders.

The masked men then stepped back and opened fire on the swinging body, riddling it with bullets.

Colonel Taylor was evidently alive at this time and witnessed the murder of his law partner.

Leaving the corpse of Captain Rankin hanging on the bank of Reel Foot lake, the night riders took Colonel Taylor to another spot. Search near Rankin's body has failed to reveal a trace of Colonel Taylor.

Colonel Taylor May Be Living.

While it is generally believed that Colonel Taylor was murdered, as he had no opportunity whatever to escape, the theory has been advanced that perhaps Colonel Taylor was spared in order that the demands of the masked men might be granted.

The trouble between residents on the bank of Reel Foot lake and Colonel Taylor and Captain Rankin originated several years ago when the two latter men incorporated and organized the West Tennessee Land company.

They bought Reel Foot lake from non-resident property owners and immediately made regulations of their own concerning fishing privileges.

Numbers of the residents in that neighborhood have made their living for some time by fishing in the lake and they became indignant when what they claimed as their "rights" were disturbed.

REWARD OF \$10,000.

Memphis, Tenn., Oct. 20.—Governor Patterson today offered a reward of \$10,000 for the arrest of the person or persons guilty of the murder of Judge Taylor and Captain Rankin at Reel Foot lake.

BRYAN AGAIN COMES TO INDIANA TO LEAD FIGHT

Commoner Starts from Chicago to Traverse Whole Length of State.

Crawfordsville, Ind., Oct. 20.—Conducting a whirlwind campaign in Indiana en route to Louisville, Ky., W. J. Bryan today is drawing immense crowds and explaining to them the difference in the platforms of the two parties. He is speaking at every point with an emphasis which clearly indicates his purpose to make the final tour one which will give irresistible impulse to his cause.

A part of the way Mr. Bryan was accompanied by Thomas R. Marshall, democratic candidate for governor. State Chairman Jackson and a number of party leaders are aboard the train and will make the journey to Louisville. An incident of the trip was an invitation by "Jim" Cullen, the engineer of the train, to Mr. Bryan to ride with him a part of the way. Mr. Bryan readily accepted and rode in the cab from Monon to Brookston, a distance of ten miles.

BRYAN AT RENSSLAER.

Rensselaer, Ind., Oct. 20.—A vigorous defense of the plank in the democratic platform recommending the guaranty of bank deposits was made here today by William J. Bryan. He chose this subject for his speech because of the fact that Jasper county, in which this city is located, has suffered from bank failures, resulting in the imprisonment of several bank officials.

"Instead of the guarantee system making bankers reckless," he declared, "we believe in protecting the depositors and then we believe in regulation that will prevent the things which have brought bank failures."

He insisted that the banker should be prohibited by law from indulging in speculation on the stock market and the board of trade. The banker handles the money of other people, the speaker said, and should be protected from the temptation that goes with gambling.

"If we had such a law," said Mr. Bryan, "it would have brought gladness and joy into homes that have been plunged into mourning through the acts of those who have been unable to withstand this temptation. Don't you think that banking will become reckless if you have this guarantee. They made that argument against fire insurance when it was first suggested and they said then that if you have fire insurance men will burn their houses in order to get the insurance, and they said honest men must be protected because scoundrels would take advantage of it. But the argument did not go. The people said 'Let's have fire insurance and protect the honest and then let us punish the criminal by law.' I have only discussed one question, but our party takes the people's side and we are entitled to their support."

As if to further clinch his argument, the democratic candidate referred to a dispatch in the morning papers telling of the suicide yesterday in Iowa of a banker who left liabilities of \$500,000.

BRYAN PROPHESIES ELECTION.

Hammond, Ind., Oct. 20.—Repeating his prophecy made yesterday that he would be in Washington after March, William J. Bryan, in a speech from the rear platform of his special train here today, made a strong plea for a democratic congress which would cooperate with him in securing the remedial legislation which democracy demands.

Mr. Bryan's remarks were devoted mainly to a discussion of the labor question.

"If you believe we are right," he said, "you can show it by the split of your ticket and if you will pardon the suggestion, I believe that the laboring man of this country have more reason to work for our ticket than the candidates themselves have; that it makes more difference to a laboring man whether our ticket succeeds than it does to those who are running, because these questions vitally affect the condition of the laboring man and his relation to society. The republican party has not only by its record refused to grant the remedies he needs, but its attitude is hostile to labor. The candidates on the republican ticket are especially objectionable and it is only a few days ago that Mr. Sherman was introduced by the head of the match trust, who, in his introduction and in the presence of the republican candidate took occasion to denounce the labor organization and its members."

TALKS OF PANICS.

Brookston, Ind., Oct. 20.—Depouncing republican leaders for asserting that a panic will occur in case of a democratic victory this year, W. J. Bryan, in a five-minute speech here today, defended the platform of his

JEALOUS WOMAN A SUICIDE.

Clinton, Ind., Oct. 20.—As a result of a quarrel due to jealousy, Mrs. Cal Morgan, wife of the proprietor of a saloon near the Wahash wagon bridge, committed suicide last night. Mrs. Morgan went to the bar-room and asked for a glass of beer. She dropped a poisonous drug into it and swallowed it before her husband could knock it from her hand. The woman died in ten minutes. She leaves two small children.

FIRES SPREAD RAPIDLY.

Johnstown, Pa., Oct. 20.—The forest fires throughout the Allegheny mountains are spreading rapidly today and conditions are reported alarming. The eastern slope of the mountains is ablaze for several miles and a number of villages are threatened with destruction. At Dougherty, Dean and Dysart the situation is serious. There is practically a water famine in this vicinity and little progress is being made against the fires. Smoke hangs like a pall over miles of territory.

SIGNAL HONOR PAID FLEET OFFICERS BY MIKAKO

Brilliant Reception to Admiral Sperry and Captains at Tokio.

Tokio, Oct. 20.—The most significant event of the visit of the American fleet to Japan took place today when Rear Admiral Sperry, his flag officers and the captains and commanders of the sixteen battleships were presented to the emperor and empress under circumstances evidencing a radical departure from all court precedents in order to do favors to the Americans.

The American officers were received by the emperor and empress at Tifin. The ceremony at the imperial palace, which took place a short time before noon, was one of the most brilliant features of the week's celebration. The American officers in gold braided full dress and the magnificent apparel of the functionaries in attendance upon the court made a glittering and imposing picture.

Presented by Ambassador O'Brien, Rear Admiral Sperry delivered to the emperor a message from President Roosevelt assuring the mikado of the friendship entertained by the American people for Japan. The emperor replied in the most cordial terms, in conclusion saying:

"It is our constant aim and desire to weld ties of amity uniting Japan and the United States in indissoluble bonds of good neighborhood and perfect accord."

The succession of entertainments for officers and men of the American fleet continues without interruption. Splendid weather prevails and the streets of Tokio and Yokohama are thronged with a population curious and friendly. The unprecedented cordiality manifested since the first landing of the Americans is increased with each new feature of the unbroken program.

ROOSEVELT TO THE MIKADO.

Washington, Oct. 20.—The following is the text of President Roosevelt's message to Rear Admiral Sperry for transmittal to the emperor of Japan:

"Admiral Sperry, flagship Connecticut, Yokohama:
"Convey to his majesty, the emperor of Japan, my best wishes for his continued good health and happiness and that of all the inhabitants of his realm. Express to his majesty the high gratification afforded me and the people of the United States at this opportunity which permits the commander-in-chief of the Atlantic fleet in person to present my appreciation of the friendship which has existed from the earliest time between the United States and Japan and of the honor to the United States in this invitation to the United States Atlantic fleet to visit the empire of Japan in its practice cruise around the world. You will express to his majesty the emperor my earnest wish for the strengthening and continuance of the cordial relations which exist and have always existed between the two countries.
(Signed)
"THEODORE ROOSEVELT."

The Mikado's Greeting.
Admiral Sperry's reply, which was addressed to the secretary of the navy, for the president, was as follows:

"President's telegram read to emperor at audience this morning. Reply is as follows:

"(Admiral Sperry: It affords me especial pleasure to welcome you as the representative of the American navy and to receive through you from your respected president his very friendly message. I request you to assure the president that I most sincerely appreciate and most cordially reciprocate his sentiments of friendship and good will. It is a source of profound satisfaction to me that the most cordial relations of regard and good correspondence exists between Japan and the United States and my thanks are due to the president for affording my subjects by your visit to give new proof of their sincere attitude toward your countrymen. I also wish you to convey to the president this message:

"The historic relations of good understanding and genuine friendship with the United States I count as a valued heritage of my reign and it shall be in the future, as it has been in the past, my constant aim and desire to weld the ties of amity uniting the two countries into indissoluble bonds of good neighborhood and perfect accord. I trust that the same success which has so far attended your voyage may still be with you to the end."
"Immediately after the audience the emperor, present in person with princes, gave a luncheon to our ambassador, flag officers and captains, all ministers of state and the most distinguished officers of the Japanese army and navy. The presence of the emperor was a most unusual and marked honor, the reception to the officers and men most cordial, generous, successful and satisfactory in every way.

FOREST FIRES AND BRUSH BLAZES RAGING

All Mountainous Sections of Pennsylvania Swept by the Flames.

Philadelphia, Pa., Oct. 20.—From nearly every mountainous section of Pennsylvania come reports of forest and brush fires, the flames in some instances endangering villages that are surrounded by woodlands. Most of these fires are believed to have been started by hunters, who have thronged the woods since the rabbit season opened on October 15. The prevailing drought has dried out the leaves and branches of trees and made them fine fuel for flames fanned by a strong wind.

Near Williamsport, in the center of the state, the citizens of villages are fighting fires. These are Leola, in southern Tioga county, Trout Run, in Northern Lycoming, and Nordmont, in the eastern part of Sullivan county.

At Trout Run every available man and youth has been fighting the flames continuously since Friday night. The wall of fire which was four miles long and almost encircled Trout Run, became such a menace that women began to prepare their households for quick moving.

Work of Fire Fighters.
The fire fighters have made all their efforts at back-firing and digging trenches. The latter have been dug around three sides of the fire and the men now are running in relays along this trench watching that flames do not leap to it.

At Leola the fire has not yet advanced sufficiently to immediately endanger the town.

At Nordmont forty men have been fighting fire since Sunday. The thick woods run almost to the doors of this village's houses and completely surround the town.

The fires on the Allegheny mountains are burning with renewed vigor and all efforts to check them have been unsuccessful.

No rain has fallen in that part of the state in two months.

In the Pocono mountains in the eastern part of Pennsylvania, flames are sweeping over a great area in defiance of the fire fighters.

FIRES SPREAD RAPIDLY.

Johnstown, Pa., Oct. 20.—The forest fires throughout the Allegheny mountains are spreading rapidly today and conditions are reported alarming. The eastern slope of the mountains is ablaze for several miles and a number of villages are threatened with destruction. At Dougherty, Dean and Dysart the situation is serious. GERMANS WILL HAVE GREAT MEETING NEXT WEEK

Messrs. Rappaport and Keller to Speak—Other News of Politics.

One of the features of the final week of the campaign in Fort Wayne will be a great meeting of German voters at Saengerbund hall on the evening of October 27, when Hon. Philip Rappaport and Mr. Keller, of Indianapolis, will be the principal speakers.

The meeting is to be held under the auspices of the German Alliance, and it is expected that the occasion will bring together a tremendous gathering of German-American citizens of Fort Wayne and vicinity.

The democrats will next week inaugurate a whirlwind campaign of the shops and factories of Fort Wayne, holding three or four noonday meetings daily in various parts of the city, at which speakers will discuss issues of the day from a democratic viewpoint. Hon. Cyrus Cline will be one of the principal speakers.

The work will be inaugurated this week, when on Wednesday ex-Congressman Robinson will speak at noon to employees of the Packard company. District Chairman Hoffman will speak on Thursday to employees of the Indiana Road Machine works and on Friday at Sixth and Harrison streets. On Saturday Mr. Robinson will speak at the Electric works.

This evening Hon. Henry Colerick and Anselm Fuelber will speak at Spring street and St. Mary's avenue; Harry Hilgeman and E. G. Hoffman will speak in the Sixth ward at 206 Broadway, and Hon. J. M. Robinson and F. E. Zollars will be heard at school No. 1, in Jefferson township.

Three democratic meetings will be held in the country district on Thursday evening. William Fruelchenicht and Judge R. K. Erwin will speak at the Randall school house in Lake township; C. M. Gandy and Guy Colerick will be heard at the Center school in Lafayette township and C. M. Niezer will speak at school No. 5 in Eel River township.

Tonight for the republicans Judge Vesey and Congressman Gihams will speak at Mayssville; L. J. Hartzell and D. R. Douglas will speak at school No. 5 in Lake township, and H. G. Hogan and A. W. Parry will speak at Sherman and High streets.

Wednesday evening's republican meetings include the date of Congressman Gihams at Edgerton; an address on Pontiac street, between John and Force, by Hon. Alfred K. Nippert, of Cincinnati, who will speak in German, with Oscar Schelper presiding, and an address at republican headquarters by James Lennon, of Toledo, who will address the Railroad Men's Taft club.

County Chairman Galogly, of Decatur, was a visitor at the democratic headquarters today.

Countdown

A similar petition was refused by the federal court in New Jersey recently. The court ordered, however, that the present relation of the accounts between the strawboard concern and the United Boxboard and Paper company, for both of which concerns Mr. Mitchell is receiver, be not disturbed. The court made it plain that he was not passing on the accounts of the two enterprises, nor the acts of Receiver Mitchell, but held, however, that no sufficient ground had been shown for the removal of the receiver.

TAFT IN APPEAL TO LABOR VOTE OF MARYLAND

Republican Nominee Makes a Defense of Himself and His Party.

Cumberland, Md., Oct. 20.—Fifteen speeches are on the itinerary of Candidate Taft today. All but two of them are to be delivered in West Virginia, on the line of the Baltimore and Ohio railroad. The people of Martinsburg, W. Va., were at the station an hour before the train arrived there at 8 o'clock. This fact, Judge Taft told them, made their interest apparent and he took it as a good augury of republican success in that state.

Senator Scott and State Chairman George Wise, of West Virginia, joined the train there and Representative Pearce, of Maryland, came aboard at Martinsburg.

The itinerary of the candidate today includes Keyser, Piedmont, Terra Alta, Rowlesburg, Grafton, Clarksburg, Salem, West Union, Pennington and Cairo, with a night meeting at Parkersburg. To an audience which filled the local theater here Judge Taft delivered his speech on labor.

Modifies and Adopts Cannon Idea.
"When it takes nothing but words and wind," he declared, in asking the question as to which party ought to receive the support of the labor vote, "the democratic party has greatly the advantage, but when it comes to things accomplished and progress made, then the advantage is as always, with the republican party."

BOXBOARD MINORITY LOSES CASE IN COURT

Federal Judge Grosscup Refuses to Oust Receiver Sidney Mitchell.

Chicago, Oct. 20.—Judge Grosscup, in the United States circuit court today, denied the petition of minority stockholders of the American Strawboard company for the removal of Receiver Sidney Mitchell.

A similar petition was refused by the federal court in New Jersey recently. The court ordered, however, that the present relation of the accounts between the strawboard concern and the United Boxboard and Paper company, for both of which concerns Mr. Mitchell is receiver, be not disturbed. The court made it plain that he was not passing on the accounts of the two enterprises, nor the acts of Receiver Mitchell, but held, however, that no sufficient ground had been shown for the removal of the receiver.

MUNCIE WILL SEND DELEGATION OF ABOUT 100

Business Men Are Coming to be Guests of Fort Wayne Tomorrow.

Traveling in special cars over the trolley lines a delegation of about one hundred business and professional men from Muncie will arrive in Fort Wayne tomorrow morning to spend the day in the city. It is the annual outing trip of the Muncie Commercial club and the Muncie Business Men's association, and the members of the party will embrace the occasion to get better acquainted with Fort Wayne and its people.

The excursion will leave Muncie at 8 o'clock, and a brief stop will be made at Bluffton, either coming or returning. It is expected that the contingent will reach Fort Wayne at 10:30 o'clock and the entire day will be spent in Fort Wayne.

The Fort Wayne Retail Merchants' association has completed arrangements to show the visitors a cordial welcome and every courtesy possible during the visit to Fort Wayne. One of the features of the day will be an auto trip about the city in the afternoon. It will occupy about one hour and a half, and will give the Muncie folk a glimpse of the principal points of interest about Fort Wayne. Last year the Muncie merchants visited Connersville under similar conditions.

FIRE LOSS ADJUSTED.

Insurance Companies Have Settled With Outfitters' Company.

The adjuster for the various insurance companies in which the Fort Wayne Outfitters' company held policies completed his work today and final settlement was made with Manager I. M. Hallenstein. Everything was arranged satisfactorily and Mr. Hallenstein will now devote his entire attention to the new store on East Main street. The insurance carried amounted to \$20,500 and the entire loss was covered, although no definite figures were given out.

The safes in the basement of the damaged furniture store were removed this afternoon. The papers in them were taken out a few days ago.

Assistant Attorney General
Trickett Wins in Disbarment Trial

Kansas City, Oct. 20.—Complete vindication for C. W. Trickett was contained in the unanimous decision of the Kansas City, Kan., committee appointed to investigate in the disbarment proceedings against the assistant attorney general. The report was made at noon yesterday in the district court to Judge McCabe Moore. The members of the committee were Eugene Ware, chairman; W. B. Sutton and M. B. Donoho. Judge Moore dismissed the proceedings as soon as the report was read.

The findings of the committee were brief. Upon sixteen of the nineteen charges the committee was of the unanimous opinion that there was absolutely no ground upon which to base the accusations made. On the other three a majority of the committee ruled there was no evidence upon which to base a trial in court. M. H. Donoho was the dissenting member of the committee on these charges.

Serves Under Objection.
Mr. Donoho was objected to by Mr. Trickett as a member of the committee when he was appointed by Judge McCabe Moore. He was notified that he was objectionable to the accused, but he served anyway.

C. F. Hutchings and L. W. Kepling, attorneys for Mr. Trickett, then filed a written protest against Mr. Donoho in court. The objection was that Donoho was "biased and prejudiced because he is allied with and under personal and financial obligations to gamblers, whom the accused has good reason to believe are interested in and urging the fight on the accused." No objection was made by either side to the other two members of the committee.

The charges upon which Mr. Donoho dissented were known as the Foerschler, Cooksey and Atkins charges.

George Foerschler, sr., swore Mr. Trickett agreed not to foreclose on property owned by him, upon which a liquor injunction had been placed. Mr. Trickett testified his agreement was contingent upon the payment of the costs in the case. The evidence was that all the costs had not been paid at the time of the foreclosure sale.

Money Charges Disproved.
The Cooksey charge was that Mr. Trickett did not pay a portion of a judgment he received in a damage suit after he had quit the firm of Trickett, Cooksey & Trickett. The testimony was that Cooksey never had an interest in the case in which he claimed a fee and had never done any work upon it.

W. W. Atkins charged that he paid Mr. Trickett \$50 to dismiss a paving suit in which Atkins was defendant, the assistant attorney general being attorney for some of the plaintiffs. The evidence was that Atkins had made the agreement with another man interested in the same suit.

The members of the investigating committee served without pay. They served merely because they desired to have a member of the law profession fairly tried.

Dive Case Mentioned.
The disbarment papers against Mr. Trickett were filed by C. R. Cooksey Sept. 11 in the Wyandotte county dis-

trict court. In a majority of the charges the assistant attorney general was accused of collecting money illegally in connection with dive prosecutions. It was alleged Mr. Trickett's reputation for truth and veracity was bad. It was charged he made a "fake" tax return. Other charges were that in several instances the dive closer gave to his clients in damage suits less money than was due them according to their contracts.

Of Interest To Women.

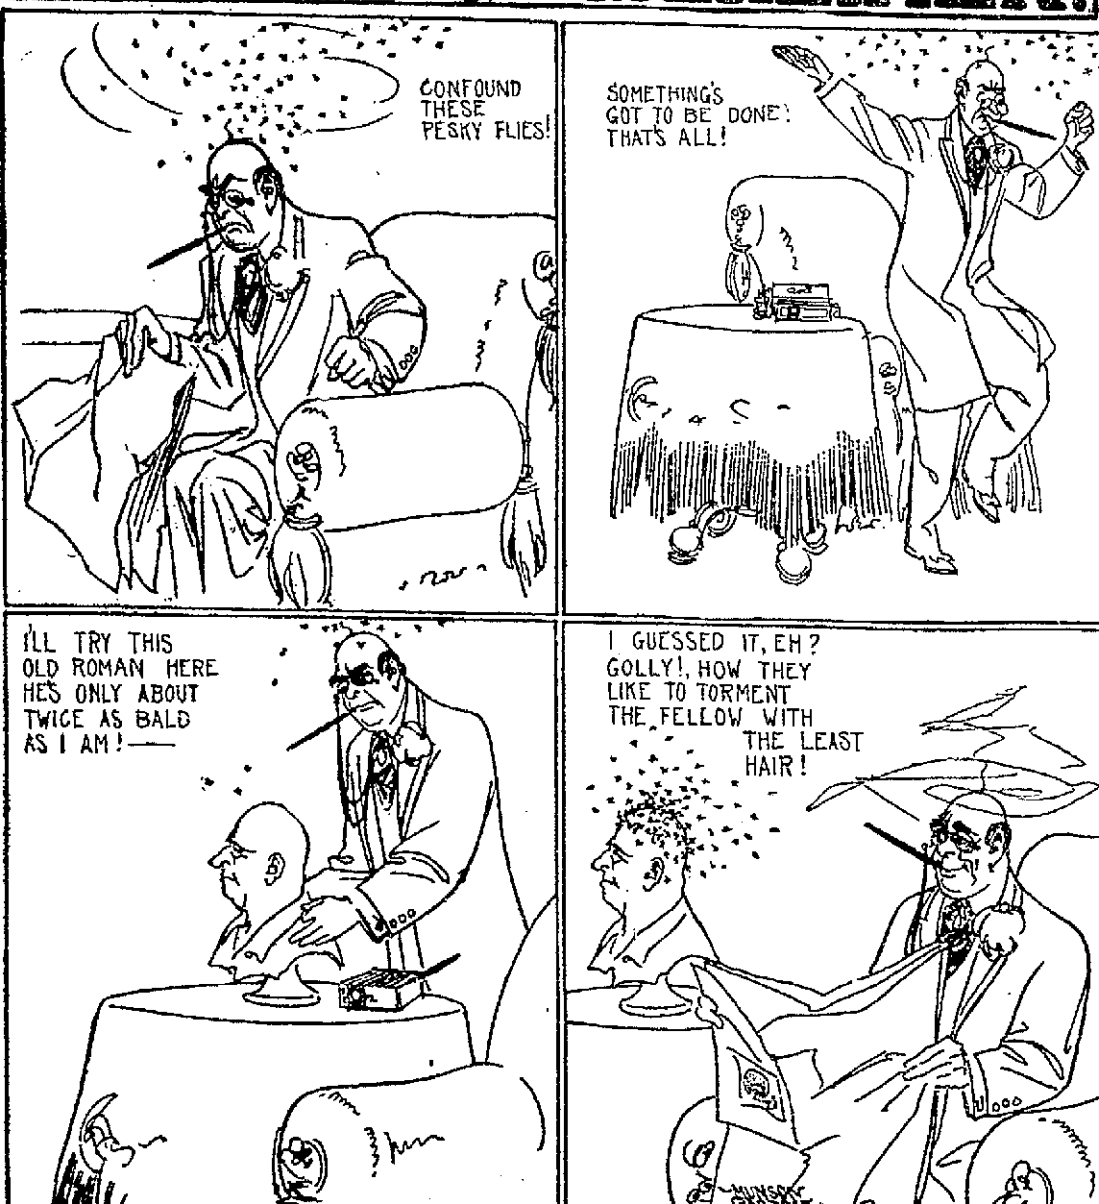

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as in nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a mixture of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, postpaid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

A Brookville Man Tells How Dr. Williams' Pink Pills Cured Him After Other Treatment Failed.

Many people are suffering daily from stomach trouble because they cling to old-fashioned methods, eat predigested foods and in other ways aggravate the disorder they seek to cure. But prejudice must give way before proof such as the following:

Mr. Albert Underwood, of Brookville, Ind., is well known in his home town where he has been in business for the past eight years. He says:

"When I first became sick I was working on the railroad and think the hard work and exposure had run me down in health. I kept at my work for a time although I should have been in bed. I kept losing strength and became greatly reduced in weight. At last I had to give up and for two years I did nothing but sit around the house. During the following winter I was confined to my bed the greater part of the time. I suffered from gas on the stomach and could not eat anything without enduring intense pain. It seemed as though there was a pressure on my stomach. Later I had rheumatic pains in my arms and legs and was reduced in weight to 120 pounds."

"I was under the care of our home physicians but they did not benefit me in the least. After spending many dollars in medicines and getting no help I decided to try Dr. Williams' Pink Pills. I took several boxes and they benefited me so much that I could eat most anything without distress. I kept taking the pills until cured. I have worked hard ever since, weigh 170 pounds and am in good health."

If you are ill and the treatment you are taking does not cure you, write for proof of what Dr. Williams' Pink Pills have done in similar cases. Their merit has made them the most widely used family medicine in the world today.

A valuable booklet, "What to Eat and How to Eat" containing information regarding the diet, will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

WILLIAM H. SCHEIMMANN.

It was with a superlative degree of confidence that the friends of William H. Scheimmann two years ago predicted he would make, if elected, one of the best treasurers Allen county ever had.

Of course his friends knew him, were acquainted with his sterling character, were familiar with his broadly trained and thoroughly tested abilities and masterful grasp of affairs.

Today what only his friends then knew the people of Allen county know. Treasurer Scheimmann has "made good" even beyond sanguine expectations that looked to him for very much.

Allen county has never had a more capable and orderly administration of her treasury department than Mr. Scheimmann has given it. And his reputation is not bounded by the county which he has served with such eminent ability.

He is recognized throughout the state by other county treasurers as that one among them who can be called "the best." His progressive methods and perfect grasp of the duties of his office have attracted attention and today Allen county bears the distinction of having the model county treasury administration of Indiana.

Officers from other counties have come here to study Mr. Scheimmann's way of doing things and returned to their homes to adopt them.

There is more than this, however, to be said of Mr. Scheimmann. He has given thorough effect to the spirit of that law which requires that the earnings of public funds in his custody be employed to the uses of the public.

Mr. Scheimmann has administered this branch of his office with strict integrity and with a purpose single to the greatest advantage of the public. He has made money for the county and to that extent has lightened the burden of taxation.

Personally Mr. Scheimmann is genial, courteous and to the last degree accurate.

commencing in the discharge of his duties, yet unceasingly faithful to his great trust. His candidacy for reelection gives the people of Allen county what should be esteemed a privilege in that they may vote their approval of one of the most faithful and capable public officials Allen county has ever had.

ROBERT KELLY FOR RECORDER.

The democratic candidate for county recorder is Robert Kelly. To everybody who knows him he is just "Bob" Kelly, and a more genial, likable gentleman never sought the favor of his fellow citizens. Mr. Kelly is an engineer on the Lake Erie railroad and has seen more strenuous times on the track than falls to the lot of most engineers.

He has been in many a wreck, but lives to tell the tale of each and to run for office. Mr. Kelly is a clean, high-minded and capable man whose good character will be vouched for by every man who knows him. He will make a capable official and a public servant entirely worthy of the highest trust.

He is extremely popular, not only among the railroad men, but with all who know him. His nomination in the primaries by a large majority attested the high regard of an uncommonly large circle of friends and his election will further bear testimony to the esteem felt for him and the confidence reposed in him.

There is no more worthy man on the democratic ticket than "Bob" Kelly.

Among the numerous problems that complicate the track elevation project is the preservation of the Wabash depot. Latest proposal is to move it across Calhoun street. No objection to that if it is handled with care in transit. The possibility of mishap to that noble and ornamental pile will cause an apprehensive public to tremble and to quake. Let no risk be incurred with the Wabash depot.

Neither here nor elsewhere in any known region of earth is there its like.

Along with the political canard and the over-mailed lie the roorback has gone and had something annihilating to itself. Still we have always been warned to beware of the final forty-eight hours of a campaign of the roorback.

Unless reports are grossly exaggerated and slanderous republican national headquarters have just been moved over to Easy street.

GOES TO O. N. GULDIN.

Hotel Stock Certificate No. 1 Issued to Chairman Building Committee.

Because of his untiring efforts as chairman of the building committee in behalf of the success of the new Hotel Anthony being erected by the Fort Wayne Hotel association, the first certificate of stock will be issued to O. N. Guldin. Mr. Guldin has been very instrumental in the success of the undertaking, which seemed a dubious proposition to many. The issuing of the handsome certificates was begun by Assistant Secretary Will A. Rundell yesterday afternoon.

Metropolitan Company Says Streets Will Come Out All Right.

Mayor Hosey and the members of the board of public works and the officers of the Metropolitan Engineering and Construction company made a trip of inspection over Sutherland, Taylor and Brackenridge streets and Columbia avenue this morning to see the condition of the paving put down by the concern and at the end held a conference at which it was agreed that the company will give an additional guarantee that the work will be made right by leaving on deposit with the city an amount equal to the cost of the surfacing.

The officers say that the pin cracks that have appeared in the surface will iron out in the spring, but the city officials want to hold the property owners safe. There is no question except about the surface and if this is not paid for it can be replaced and the people who are to pay for it will be perfectly safe.

PLANS INCLUDE THE MOVING OF OLD DEPOT

Wabash Injects Another Problem Into Track Elevation.

Plans presented by the Wabash company yesterday at a meeting with the city officials at which track elevation was discussed, contemplate the removal of the company's depot to the west side of Calhoun street and the freight house to Fairfield avenue. It was insisted that this would facilitate the elevation in so far as the railroad company is concerned.

This injected another problem into the consideration of the matter and although the plans were considered carefully no action was taken other than to discuss the details, some of which were not satisfactory. These plans have not been submitted to the Wabash company's higher officials but will be and some time next week another conference will be held here.

F. A. Delano, president of the Wabash, is out on an inspection trip and will be in Fort Wayne in a week and it is supposed while he is here to arrange a meeting with the Pennsylvania officers and to take up the plans again. The whole scheme of track elevation is being worked out slowly owing to the fact that there are so many interests involved that Mayor Hosey believes that he will be able to bring about an agreement.

The mayor says that the railroad companies will probably go a little further than was contemplated at first and that the city will meet them half way in a proposition to give a foot more clearance at Calhoun street and at Fairfield avenue than has heretofore been figured on. The city can go down six inches and the companies can raise their tracks a foot higher giving fifteen feet at Calhoun street, which will satisfy the traction companies.

Present at the conference yesterday were the mayor, Chairman Lennon and Members Brosius and Schwartz, of the board of public works, Engineer Randall and City Attorney Guy Cole-rick.

LEWIS STREET GROCER LEAVES HOME SECOND TIME IN YEAR.

J. D. Ludwig, who conducts a grocery at 421 East Lewis street, has been missing since Sunday afternoon at 3 o'clock and members of his family have been scouring the country in the hope of locating him. The last clew they obtained was that he was seen on South Broadway late Sunday evening.

He was at his store Sunday afternoon and talked with Clarence Ludwig, a son who is associated with him in business. He left and his son thinks he said he was going home. He started in an opposite direction, however, but it was believed he was going down town and nothing was thought of it.

He did not get home that night, and inquiry among his relatives failed to locate him, and a searching party was organized. Mr. Ludwig has acted in a rational manner about the store, but in May of this year he left and was gone two nights before he was found in a woods south of the city. At that time he had a revolver with him but he had no weapons when he left home this time. The family can give no cause for his disappearance.

CHRISTIAN CONFERENCE OF INDIANA MEETS IN HUNTINGTON

There Will be Great Gathering There—Other News of the Churches.

October 27 to 29 is the appointed time for the annual Indiana State Christian conference. It will be held in Huntington, Ind., and will be the occasion of a large gathering of well known clergies and laymen. The services will be held in the First Christian church in the Line City, where the address of welcome will be given by Warren H. Denison. Rev. O. B. Whitaker will respond and the opening sermon will be preached by Rev. William A. Freeman. The business of the opening day will be the meeting of the official and missionary boards to be held Tuesday afternoon at 4 o'clock. The appointment of committees and the reading and discussion of reports will occupy the attention of the delegates at the sessions on Wednesday. Rev. Daniel B. Atkinson will deliver the annual sermon Wednesday. Two special meetings will be held on Wednesday evening. A meeting for men only will be held at the First Christian church at which Hermon Eldredge, of Erie, Pa., will deliver an address. A meeting at the German Reformed church will be attended by the ladies, who will be addressed by Miss Jennie Mishler, a Christian missionary to Porto Rico. The missionary's effort will be entitled "The Christian Cause in Porto Rico." The conference will close on Thursday, the address to be delivered by Rev. J. C. Francis, of Wingate, Ind., whose topic will be "The Ethics of Church Finances."

Reader at First M. E. Church.
Under the auspices of the Epworth league, Mrs. Jennette Jewell Kellogg, of Buffalo, N. Y., reader, monologue artist and impersonator will give an entertainment at 8 o'clock this evening at the First Methodist Episcopal church. C. C. Schlatter's orchestra will assist with the rendition of a number of musical selections. Mrs. Kellogg comes highly recommended as an eloquentist of unusual ability. In pathos as well as in humor she is perfectly natural and at ease, displaying considerable versatility in the use of dialect. Without affectation she interprets her authors correctly, her repertoire of selections being replete with interest for old and young. All interested are urged to attend.

Presbyterian Church Notes.
The Young Ladies' society of the First Presbyterian church will meet with Mrs. John Douglas, 716 Rockhill street, on Wednesday afternoon from 2:30 until 5:30 o'clock. The hostess will be assisted by Mrs. P. C. Morgan-Chalder. Mrs. Charles Dunkelberg, Mrs. Wright Rockhill, Mrs. Edwin Orr, Miss Jessie Orr and Miss Della Rossell.

The first of a series of monthly special musical services at the First Presbyterian church will be given next Sunday afternoon, when the half hour of music will be furnished by a male chorus of twenty voices.

Mission Festival at Salem Church.
The annual mission festival of Salem Reformed church will be celebrated on Sunday and active preparations are being made for its observance. Rev. H. H. Kattman, pastor of the Reformed church at Berne, Ind., will be the speaker for the day. At the morning

HAS BOUGHT GAS MAINS IN THE LAKESIDE DISTRICT

Indiana Lighting Company on Last Stage of Its Extension Work.

Within the past few days the Indiana Lighting company, the new corporation which has succeeded the Fort Wayne Gas company, has closed a deal for the purchase of the gas mains in the Lakeside district of the city. Its workmen are now starting to make connections for the artificial gas in that territory. When this is completed the entire city will have gas available.

The gas mains in Lakeside were owned by the Fort Wayne Land Improvement company, which installed them at its own expense when the suburb was new in order to encourage home-building and location there. At that time the gas company believed the demand did not warrant it in making the extensions. The people of Lakeside were served with natural gas through the mains under a lease arranged between the Fort Wayne Gas company and the land improvement company. Now the mains have passed to the ownership of the gas company.

GERMANS WILL HAVE GREAT MEETING NEXT WEEK.

(Continued from Page One.)

W. A. Campbell, president of the Taft First Voters' club, at Kendallville, announces that the club will come to Fort Wayne fifty strong for the Griffiths meeting Thursday evening. Major J. E. Miller will be chief marshal of the parade on that evening.

The republican organization has made a request that all who voted for Lincoln in 1864 call at the headquarters, register and receive a badge which will entitle the holder to a reserved seat at the Devereaux meeting next Monday evening.

Hon. John W. Kern, vice president of the campaign in Indiana, and it is said there is a possibility that Mr. Kern may be heard in Fort Wayne.

Mr. Taft is due to reach Fort Wayne precisely at noon next Saturday and will spend just thirty minutes here. The schedule of his trip for the day, showing the time to be spent at each stop, is as follows:

Greenfield, 7:30; ten minutes.
Richmond, 8:50; twenty minutes.
Winchester, 9:45; ten minutes.
Portland, 10:25; eight minutes.
Decatur, 11:15; ten minutes.
Fort Wayne, 12; thirty minutes.
Columbia City, 1; ten minutes.
Warsaw, 1:50; ten minutes.
Goshen, 2:40; ten minutes.
Elkhart, 3:05; ten minutes.
South Bend, 3:40; one hour.
Lafayette, 5:20; ten minutes.
Michigan City, 6; ten minutes.
Gary for night meeting, with Senator Beveridge.

Senator Beveridge comes to Fort Wayne over the Grand Rapids and Indiana railroad from the north next Monday evening for his address in Fort Wayne, and his meetings for the day are Crown Point, North Judson, Knox, Walkerton, Plymouth, Warsaw, Columbia City, Garrett, Auburn, Angola, Waterloo, Kendallville, Avilla and Fort Wayne. It is expected that he will reach Garrett at 2:40 o'clock over the B. & O. and speak twenty minutes there, leaving at 3 o'clock. He is due to reach Auburn at 3:20 for twenty minutes and go north over the Lake Shore to Angola. Returning he will reach Waterloo at 5:05 o'clock, speaking twenty minutes, leaving at 5:25 for Kendallville. After twenty minutes here he will change to the G. R. & I. road, speaking for a few minutes at Avilla on his way to Fort Wayne.

Manager T. F. Thieme, of the Wayne Knitting mills, delivered an address to employees of that institution last evening on the subject of "The Tariff." Mr. Thieme deplored the fact that the institution had been dragged into politics by some overzealous local partisans, and resented an attempt to make the knitting mills serve as a political football in every campaign. Mr. Thieme contended that the tariff was a business proposition and had no place in politics, but so long as it is there, he contended for the protective system. He asserted his belief that the hosiery industry is dependent in a very large measure upon the tariff, but believed the question should be taken out of the hands of the politicians and settled scientifically by a commission of revision. He favors revision of the tariff, but objected to any system which would destroy the protective feature.

Another important political event of the week will be the coming of Hon. George W. Borg, former congressman from Nebraska, who will deliver an address at Saengerbund hall on Saturday evening, October 24. Mr. Borg is a leading Nebraska democrat, and has a reputation as a powerful orator. He has been largely in demand as a speaker throughout the campaign.

ATTACKED BY DOGS.

Arthur Jones, a young boy living in the eastern part of the city, was attacked by a dog in a yard on East Washington street near Hanna street, while passing bills yesterday afternoon about 2 o'clock. The dog attacked the lad from the rear and inflicted a deep wound. He was attended by Dr. J. E. Wallace who says that his injury is not serious.

Kansas City, Mo., Oct. 20.—A warrant has been issued for the arrest of Miss Edith Wirt, a school teacher in Kansas City, Kan., because she pasted a strip of court plaster across the lips of Harvey Galloway, a nine year old pupil, who talked too much in school. The warrant was sworn out by the boy's father and charges cruelty and punishment.

KING OF THE LIZARDS.

Bones of Prehistoric Monster Are Found in Montana.
Great Falls, Mont., Oct. 20.—The remains of a prehistoric animal forty feet long and twenty-two feet in height have been found in the Bad Lands south of Great Falls, Mont., by William Brown of New York, connected with the American Museum of Natural History.
The bone has been shipped to New York. It took sixteen teams to haul the bone to the railroad, the skull alone weighing 4,000 pounds.
Mr. Brown classified the fossil as a Tyrannosaurus Rex, or "King of the Lizards."

\$1000.00 Reward.

It has been a struggle to get before the people the dangerous facts, the hidden underground facts, relating to the plans for control of the liberties and affairs of the common citizens by the adroit managers of the huge "Labor Trust" known as the American Federation of Labor.

These managers are seeking power even superior to that of the President of the United States.

"Nonsense," someone says. Well, let's have a look.

When I first started publishing these articles discussing labor matters, nearly the entire list of papers published them, but there were a few afraid to print them, although offered full pay.

Afraid the labor leaders would boycott them, afraid the unions in their own printing department would strike and afraid on general principles.

Here was a sample of the "muzzled press," the subtle enemy of the common people.

Fair Union Men.

To the credit of the typographical union let it be said the majority of its members are too intelligent to refuse to set type on either side in discussion of a principle, realizing that the columns of a newspaper must be unbiassed.

However, in some offices less wisdom was shown and the papers refused to print the discussion.

In one article I invited readers to scan the pages of various papers of that date and if the announcement failed to appear, write and ask the publisher "why."

His only good excuse would be "no contract with Post." But when he got angry and began to offer various and sundry other reasons, it became plain to the enquirer that it was left out through pitiable fear.

The discovery by readers that a favorite newspaper feared to print matter written for and in the interest of the thirty-nine citizens out of every forty (only one union man in every forty citizens) produced a disgust and distrust hard to overcome. When the rights of the common people cannot be defended in the newspapers because of fear of some organization, either of capital or labor, the enslavement of citizens has reached a dangerous point and the papers which refuse to stand for the rights and freedom of the great reading and thinking public, should be known and rebuked by the public they ought to serve.

Those readers who would like to have printed the names of a few papers and public servants, who have been lax in support of the rights of the people when assailed by class organizations are invited to make known their wishes by mail addressed to the undersigned.

Have You Noticed,

Reader, how adroitly the Leaders of the Labor Trust work to gain more and more control over the liberties of the people?

Do you realize they are aiming at absolute domination of the daily affairs of citizens?

Do you think it would be safe to allow yourself to be gradually tied hand and foot until your inherited freedom and liberty was taken from you? Have a look at their methods and draw your own conclusions.

Threats are made to City, County, State and National officers and public men, either of defeat or violence for judges and jurors, and the number of citizens assaulted or murdered and property destroyed in an active Labor Trust year exceeds by far the amount of violence which ever occurred in any one year during pro-slavery days. The black man was not his own master. The present day union man is not. He must quit when the Labor Trust leader "orders." Involuntary idleness is no less deplorable than involuntary servitude.

The disobedient black man was at times driven with a whip back to his work. The disobedient "union" man has, in thousands of cases, been driven away from his work with clubs, missiles, revolvers, and knives; assaulted, slugged, unconscious, maimed for life, or murdered. Or perhaps his steps dogged for weeks, he and his family subjected to insults innumerable, homes destroyed and property blown up. The most damnable cruelty and brutality that hate could devise and ruffian outlaws execute has been put upon American workmen, who have dared to disobey the "orders" of the Labor Trust leaders.

There were above 5,000 citizens assaulted in one city (Chicago) during one strike (the teamsters) and many men crippled for life. Some 12 or 14 were wilfully murdered outright, and yet there have been but few convictions and trifling if any punishment.

Uncle Sam's Way.

If only ten Americans had been stung and maimed and one killed in a foreign port, ample apology would have been made and ample funds exacted for the support of the injured families, at the muzzles of the politicians and settled scientifically by a commission of revision. He favors revision of the tariff, but objected to any system which would destroy the protective feature.

It has been noticed that when union criminals are on trial for murdering independent workmen, they sometimes bring in their wives and mothers, and have their children clamor about their knees to impress the jury with sympathy.

So much for the brutal murderer, but who brings into court the destitute, fatherless children of the poor workman murdered in cold blood because he obeyed the instincts of an almighty Father, who impelled him to seek work to feed his little ones? What play is ever made by them to sway a jury? The murderer is supported by the funds of the Labor Trust. The orphans of the victim have no money to help them obtain justice.

Impudent Pretense.

The Labor Trust leaders proclaim peaceful intent and publicly decry violence. Such bare faced assertions as that of the President of the American Federation of Labor that "Organized Labor is one of the most potent factors for the preservation of peace," is only interesting as an illustration of the extreme impudence of these leaders with a most terrible record of criminal procedure behind them. It lately became public that this Trust expended upwards of \$150,000.00 to defend its members in the Haywood-Moyer trial, securing acquittal by a frightened jury, notwithstanding the fact that the judge who presided at the trial announced afterward that the testimony implicating the members of the Labor Trust in the deeds of violence was in his opinion true.

The Labor Trust shouts for the public ear, and winks in another direction while it finds it necessary to rush to the support of its criminal members, in order to "keep up the work."

Without certainly of protection the slagger would quickly become discouraged. The victims of the Labor Trust dare not publicly protest even if he lives through the entertainment by the "entertainment committee" and the wives, widows and children have no way to bring their wrongs to the public ear. The poorhouse may take care of some of the streets of some but the suffering, terror and agony put upon the children, wives and widows of independent workmen is known only to themselves and their God, and no one seems to have the humanity or bravery to speak in their defense.

Thousands of individual members of organized labor have hearts as tender as can be found in all human nature, but they seem powerless in the iron grasp of impudent and desperate tyrants who hold them bound and who extort from them not only money but "obedience" and bring reproach on the very name of Labor.

Honest Union Men Helpless.

Let an honest union man raise his voice in protest at a union meeting and the "men of violent tendencies" cry him down with shouts to "throw that guy out de window" and if he don't shut up he may expect to be violently and effectively shut up. Some day let us hope that organized labor will get rid of the present leaders and conduct the sale of its product (labor) in the peaceful legal manner of business men who sell the ordinary products of humanity, and when they cannot sell their labor at a satisfactory price to one man, do as the farmer does who offers his wheat to another buyer, either sells it at the highest price the market will warrant or keeps it for a higher market but does not picket the mill, assault other farmers who prefer to sell their wheat, or blow up the mill whose owner cannot at that time buy at the price asked.

The man who has saved money with which to purchase wheat or labor should not be maimed, murdered or have his property destroyed because he does not feel like parting with that money to buy wheat or labor when he either does not want it or knows the price to be too high to warrant its purchase. Any attempt at coercion should be promptly and effectually punished by the courts and the bullies put where they cannot again tyrannize over independent Americans.

This rapid growth of anarchy and evident purpose of the Labor Trust to dictate just what persons shall be employed, how long and at what price and how much pay to the managers has taught every man who has saved a dollar and wants to build a house or establish a factory, that he had better keep his money in some safe investment, instead of going into something where he would be actually forced to buy labor when not needed and to employ men he don't want.

In other words, the man who has a little money to invest don't propose to have any trust, even the Labor Trust, tell him how or where to pay it out. This widespread attack of the Labor Trust on citizens who would have money to invest in labor if allowed to invest peaceably, has been one of the strongest elements which brought on the panic.

Men who have money to build, don't like to be harassed to death by continued impudent interference, and expensive delays by labor union tactics, therefore hundreds of them don't build. So with proposed new factories and other enterprises.

Between the loud mouthed, political demagogues and the Labor Trust leaders, the steady attacks on industries dried them up and the panic came, bringing idleness and misery to thousands.

The demand by the Labor Trust leaders for an anti-injunction law is quite in keeping with the purposes of the tyrannous leaders. A careful investigation of the records of all Federal courts for the past 25 years discloses the fact that only 20 injunctions have been issued in labor cases and in not one of these cases has the superior court reversed or failed to approve. No

other subject handled by our courts has been as free from mistake. Humanity is prone to weakness and error, and our courts are human, but fortunately for mankind we find less error and weakness in the handling of restraining orders or "injunctions" in labor cases than in any other department of legal procedure, and the most remarkable fact in all this anti-injunction agitation is that thus far not one single case has been shown where an innocent man has been harmed.

What are Injunctions?

"Now what is an injunction?" someone asks. When it becomes known that the trust leaders plan to have their sluggers waylay other workmen, and assault them, or picket and spit on and insult or attack American citizens going to or coming from work, or plan to destroy some machinery, blow up a factory, mine or workman's home or do any other act of violence or crime, the courts established by the people and for their protection can issue a "restraining order" or "injunction" ordering these men not to do the acts they intend, until the court can have time to enquire into the rights in the case.

Every man with his mind set on revenge or violence, and every single inmate of every penitentiary in this country hates a court injunction like a mad dog hates water.

What does the man who fears an injunction have in his mind?

Do you believe he is seeking peace? No citizen who was at home or on the street on a peaceful, lawful mission has ever been troubled by a court order to prevent men from attacking property or persons. It has been common for Labor leaders (?) and a few politicians to say that courts have "abused" the right to issue injunctions in labor cases. After a careful search of the records Hon. Charles E. Littlefield made open request of President Roosevelt to cite one single injunction wherein peace intending citizens had been harmed and on estimate President was paid for having stated that "abuses had arisen" because some interested persons had so told him, but on demand for the cases, they could not be produced.

\$1,000 Reward.
I now again offer \$1000.00 in cash for evidence of a single case in the past five years in labor disputes where a court injunction to protect persons and property have been opposed to the public good. No person can produce one. Why therefore, should the Labor Trust leaders so strenuously demand that the courts be stripped of the right to issue injunctions to protect people and property?

These leaders want to be free to order the sluggers to proceed with their work and their dynamites to blow up homes or property before the courts can intervene to protect. That's exactly what is meant by the proposal to prevent any court from issuing a restraining order without five to seven days' notice. That would give time to the intending criminals to do their work and get into hiding before the court can protect those whom the sluggers intend to harm. The independent workman's home could thus be blown up and he taught the danger of disobedience of "orders" of the Labor Trust.

It's a pitiable condition, that of workmen, both union and non-union when they dare disobey any Labor Trust manager's order, however impudent or tyrannous.

Shall we encourage the further growth of a few misnamed "Labor leaders" now seeking to tell Union men that they must vote for the party pledged to enact any law these trust leaders ask looking to more power, if they will "deliver the labor vote?"

Trade on Labor Vote.
That trade was a humiliating insult to every liberty-loving workman in America, and they are quite justified in the general resentment against it.

The political managers of both great parties wish "Post would keep still." "He talks too plain." "He don't know any more about politics than a rabbit." But amidst all the word twisting, pretense, cowardice, side stepping, and bootlicking of politicians before a National campaign it is refreshing to take a few long deep breaths, wipe the cobwebs out of ones eyes and take a good, keen, close look at exact facts.

Post as President of the National Citizens' Industrial Association has a duty to perform without fear or favor of any political party or class organization either of Capital or Labor and when these facts are placed before the 20 to 30 million readers of this article and they realize the danger to their properties and personal liberties by voting for class legislation and privilege, that duty will have been done. It may interest you to know that Post was lately elected an Honorary member of one of the highest grade Trade Unions in America, the National Association of Stationary Engineers in recognition of his services in trying to stamp out the criminal and tyrannous control of affairs by the present misnamed Labor Leaders (?) and to bring the labor movement to a more peaceful and lawful management and therefore back to the respect and esteem of the public and wipe from the sacred name of "Labor" the odium and disgrace these trust leaders have smeared upon it. A better time is coming and every honest American can do his part to bring it about.

There's a Reason.

Mrs. Joseph Fox, Jr., of West Superior street, gave a prettily arranged dinner party last evening at 6 o'clock for Miss Cecelia Fox, a bride of tomorrow. The guests were the members of the bridal party of whom Anthony A. Schell is the prospective bridegroom. Covers were laid for ten. The dinner table was decorated with pink carnations and pink hooded candles with favors for each guest consisting of pink boxes of confectionery. The living room was also beautifully decorated with carnations and ferns.

One of the early November weddings will be that of Miss Alice B. Corcoran, daughter of Mr. and Mrs. Thomas Corcoran, of 819 East Lewis street, and William E. Hollins, of Van Wert, Ohio, which will take place in the Cathedral on the fifth of the month.

The wedding of Miss Della Geerken and Christ A. Doehler will be a quiet home affair at 6 o'clock this evening at the bride's parents, 828 Eliza street. Rev. Jacob Miller will officiate.

Mrs. Mary Harrison, one of the city's well known ladies of advanced years, celebrated her seventy-fifth birthday anniversary yesterday at the home of her daughter, Mrs. Harvey Crane. Because of the absence from the city of Mr. and Mrs. S. M. Foster, the family reunion of Mrs. Harrison and her children and children's children will not be held until after their return home. On Thursday there will be a family dinner at the home of Mr. and Mrs. B. E. Hattersley. Mrs. Harrison's five daughters and their respective families will be present. The number will include Mrs. F. L. Taft, Mrs. Bertha Saylor, Mrs. Samuel M. Foster, Mrs. Harvey Crane, all daughters of Mrs. Harrison. Among the grandchildren will be Mrs. Oliver Reese, of Newcastle, Pa.; Harry Hattersley, Mrs. Fred McCulloch, Miss Sinclair Hattersley, Misses Margaret, Pauline and Mildred Saylor, Eugene and Robert Hattersley, Howard Say-

lor, Mary Jane Crane and Foster Taft. There will be covers for twenty-six.

Mrs. James Scherer, of St. Louis, Mo., is visiting Mrs. H. J. Gardner, of Clay street.

Mrs. E. E. Dilline, of West Butler street, has gone to Peru to visit her parents.

Mrs. Emma Donaldson, of Los Angeles, Cal., is here visiting relatives and friends.

Mrs. E. L. Beaver and daughter, Miss Edna, have gone to Chicago for a week's visit.

Mrs. Emily Woodworth, of Oklahoma, is the guest of Messrs. C. B. Woodworth and sons.

The first meeting for the season of the South Side bridge club was held yesterday with Mrs. A. A. Serva.

Mrs. Harry Metzger and daughter, Katherine, have gone to Chicago to spend two weeks with relatives.

Mrs. E. A. Rogers, of 118 East Fourth street, will be hostess for the I. F. E. club tomorrow afternoon.

Mr. and Mrs. Will Schaab, of Auburn, have returned home after a short visit with Mr. and Mrs. Van Perrine.

Mrs. Amelia Stricker and Mrs. Harry A. Dohn, of Cincinnati, are visiting Mr. and Mrs. A. Well, of West Wayne street.

Mr. and Mrs. G. D. Selbert will leave this evening for Chicago to be the guests there for several days of their daughter, Mrs. Irene Warner.

The F. W. O. club has issued invitations to a reception and dance which they will give on Thursday evening at Hilker's hall, New Haven.

Mr. and Mrs. W. R. Cheney, accompanied by their niece, Miss Mary Knight, left yesterday for Redland, Cal., the home of Mr. and Mrs. Cheney.

Mr. and Mrs. John Wolfrum, of West Sutherland street, were given a surprise by a number of neighborhood friends last evening in honor of the third anniversary of their marriage.

Mr. and Mrs. Frank Hebert have returned from their wedding trip and this evening will entertain the members of the Semper Idem club at the home of Mrs. Hebert's parents, Mr. and Mrs. Rosener, of Stophlet street.

Mr. and Mrs. E. B. Jones announce the coming marriage of their daughter, Mildred, to George T. Dunlap, which will take place at the home of the bride, west of the city on the Hamilton road, on Nov. 5. Rev. E. B. Brown will officiate.

Mr. and Mrs. Lewis G. Bley and daughter, Blanche, have returned to Madison, Neb., after a two months' visit here and in the county with relatives. While in the city Mr. and Mrs. Bley were guests of Mr. and Mrs. Hossman, of West Creighton avenue.

Miss Mamie Olsen gave a theater party on Saturday evening at the Majestic and following the performance the company were entertained at supper at Miss Olsen's home in Greenwood avenue. The guests were Misses Pearl Short, Ethel Lansdown, Edith Brady, Helen Doswell, Mary Lightfoot, Mabel Wells, Gertrude Short, Hazel Roland, Radah Doswell, Ethel Kirby and Alice McDarby.

Zellers—Meyers.

A pretty home wedding of this afternoon took place at the home of the bride's mother, Mrs. Sophia C. Meyers, 1157 Harmer street, when her daughter, Anna A. Meyers, became the bride of Mr. Henry A. Zeller. The ceremony was performed by Rev. Jacob Miller. The bride was attended by her sister, Miss Ida Meyers and Mr. Stephen Allgeier was the groomsmen. The bride was chief stenographer for a number of years in the Home Telephone offices, where she was appreciated highly for her business ability and for her sweet womanliness. Mr.

An Historic Costume

FROM JAMES HECUTCHON & CO., WORN BY MISS WESTBROOK OF THE "DEVIL'S" TROUPE.

All the style features of this graceful palette are directly traceable to the French Directoire period. The costume would delight an artist in its truth to type, for it is the short waisted, long skirted coat with mammoth buttons and high, close collar, which the gay, young incroyables affected.

There are also the satin faced revers and drooping satin girdle. Peeping from the edge of the buttoned sleeve is the snowy frilling, bequeathed to the Directoire time by the dressy Louis XV.

The coat is of broadcloth in one of the new castor brown tones, matched by the superb plume in the hat and relieved by the gold hat ornament.

Zeller is a young man who represents a wholesale business house with marked success.

Christian—Franks.

Fort Wayne and county friends of Miss Minnie R. Franks, daughter of Mr. and Mrs. William Franks, of Lake township, and Mr. Joseph Christian, formerly a resident of this city, will be surprised to learn of their marriage, which took place in August, at McHenry, North Dakota, where the bride and groom are now living. The bride wore a pretty gown of white silk with veil of tulle at her wedding, and held a bouquet of bride roses and maiden-hair fern. There were no attendants of the bride and groom and only near friends witnessed the ceremony.

A Country Party.

Miss Della Harshbarger and Mr. and Mrs. C. M. Harshbarger, all of Atwood, Ill., were guests last week of Mr. and Mrs. J. A. Monroe and in honor of their niece, Miss Harshbarger, Mr. and Mrs. Monroe gave a party at their home, two and one-half miles north-west of Arcola. There was music, games and a supper for the enjoyment of the guests, who were Misses Jessie Lee, Edith Lee, Lucille Grayless, Blende Grayless, Mabelle Larimore, Hulda Holt, Neva Gipe, Stella Kieler, Emma Butt, Mary Reehling, Ona Reehling, Zoia Mitchell and Christie Winbrenner. Messrs. Ray Blessing, Murrell Gipe, Walter Lee, Harry Lee, Lylo Biddle, Forest Hagan, Victor Hickman, Harry Butt, Ben Richardson, Chester Richardson, Byron Webster, Roy Kieler, Dave Hindman, Ralph Larimore, Earl Phil, Leo Hilderbrandt and Mr. Winbrenner.

IN THE THEATERS

In spite of the fact that Our Own Stock company has already produced high class plays with such excellence and satisfaction that patrons of the Majestic have been both entertained and much pleased, the present offering of "The Christian" is a surprise. It was expected that the company would do well, that Manager Rice had seen to the correct presentation and that Mr. Huntington would have the several parts well and capably handled. But it was hardly expected to have the piece presented with the elaborateness of setting and the really artistic interpretation of characters that the company is giving. Not only Miss Dunbar and Mr. Huntington in the roles of John Storm and Glory Quayle portray their parts with finish, but such honors are shared with Miss Gerard as Polly Love, Miss Gillingwater as Mrs. Callender, Mr. Nicholson as Lord Robert Ure, and Mr. Jones as Brother Paul. The ability to completely lose one's individuality in a role so that the voice is nearly all there is to proclaim the personality behind the character is one of the arts in acting. Or to so become a character that the listener forgets momentarily how is artistic excellence. And there were many such moments to the performance last night. Miss Dunbar has an excellent conception of the part of Glory Quayle, and in the moments requiring the most strenuous expression of emotion is impressive and convincing. Mr. Huntington is altogether delightful as John Storm, his natural dignity of manner and fine physique contributing to the appearance of the role while his handling of his voice further contributes to the pleasure of the audience. Miss Gerard plays the part of Polly Love with distinction and her moments of grief are beautiful and moving. Mr. Nicholson, too, has much power in presenting the part of Lord Robert. His makeup is especially good and his nonchalance of manner and drawing speech combine in adding strength to the role. Miss Gillingwater has the prettiest role she has yet been seen in since becoming a member of the stock company. Her work is entirely good and her accent altogether fetching. Mr. Marion has the most ambitious part he has been seen in and he rises well to meet it. He is particularly good in his scenes alone with Miss Dunbar. Mr. Jones loses himself entirely in the part of Brother Paul and Mr. Powers as the Archdeacon has the right conception of his part. The minor roles are by no means slighted, as Mr. Huntington is too competent a manager for that and the details are handled finely. "The Christian" is a drama that has many things to commend it and the play itself would be worth attention even were it not so well acted. As it is, no one need hesitate going for fear of being disappointed. To the contrary, the surprise will be one of pleasure.

That greatest of all successes, "Marrying Mary," Edwin Milton Royle's play, with music by Silvio Hein, is the attraction Jules Murry is bringing to the Majestic on Oct. 29. Florence Gear plays the star role of Mary Montgomery.

Henry Dixey's contract is not simply to play "The Devil," but covers a term of years, during which he is to star in other plays under Mr. Savage's management. Mr. Dixey and company will be seen at the Majestic in Molnar's famous comedy on Wednesday, Oct. 28.

with brilliant red. He did not wear a Meibhisto feather in his hat, but his hair was made to curl into the suggestion of little horns and even his ears were pointed, suggesting the fabled god Pan. His necktie and gloves were scarlet and his spats displayed cardinal buttons. Wherever he might affect a sartorial whim without offending good taste, he did so.

In almost every point Mr. Savage has followed the author's instructions in costumes. The red on the American Devil's coat may not be so brilliant as Molnar prescribed, but a mysteriously gleaming changeable silk is used that gives a glimpse of flame-color at certain angles. When viewed direct from the front it is black as the broadcloth of the coat. The red tie is discarded with the dress suit, but is worn with the Devil's frock suit. Dainty cardinal buttons are on his shoes and some people declare there is a gleam of red in the Devil's eyes at times when he whispers his cunning words into the ears of his victims.

These eccentricities of the Devil's costume are always refined and delicate, adding to the symbolism of the character and helping to define the one needed point of difference between the Devil and the other characters in the play.

Her Figure is Trim, Her Form Sublime.

The actress looked delectable, though the play had been pronounced a frost by the critics.

"It's got to succeed," she explained, "and for that reason I'm not nervous. Last season I played seven new parts and I burned a lot of good coin for costumes. This season I am radiating with health. My form is ideally proportioned. I took the Marmola Prescription to get this sublime figure, and a woman's figure can not be nearer perfection than what Marmola has made of me. A doctor friend of mine gave me the prescription. He's a brick. It's so simple just get at any drug store 1/2 ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic and 3/4 ounces Peppermint Water and take a teaspoonful after meals and at bedtime. Now I have the strength, enthusiasm and power of a dozen stars. I tell you I am going to be it." With this the leading lady bowed the reporter out, calling after him, "If you have any lady friends tell them about Marmola, but impress upon them that there are cheap substitutes on the market that do not do the work." Cucumber Mangoes

Still another way of using the ripe cucumbers is in mangoes. Cut out a side section large enough to allow for scooping the seeds and soft portions. Save this piece, as it has to be returned after the cucumber is filled; soak the cucumbers over night in strong salt water; in the morning drain and prepare the mixture for stuffing. This may vary according to taste and vegetables on hand. It consists usually of chopped cabbage and celery, onions and green tomatoes, radish pods, tiny cucumbers, tender string beans, green grapes and nasturtium seeds. Sprinkle well with salt and let stand two hours; season to taste with ground cloves, cinnamon, allspice, ginger, pepper and salt, then drain; mix thoroughly, fill the cavities, pressing in well, then adjust the pieces where they were removed and tie firmly with white cord. Put in a preserving kettle, cover with cold vinegar and let remain over night. The next morning heat to a scald and simmer gently for half an hour, take out the mangoes and pack in a stone jar, covering with cold vinegar. The next morning pour off the vinegar, add sugar in the proportion of one-half cup to every two of vinegar, scald and pour over the pickles; set away, closely covered, and they will be ready for use in a month.

RUBNOMORES MAKE
BIG SCORE AND
WIN OUT

Two Double Centuries and
High Total in Last
Game.

The Rubnomores took the Dermotines down the line in three straight arguments last night and in doing it took the high team score for the season at St. Mary's Athletic club alleys. The closing game was the best of the series in which the Rubnomores ran up 222 and Al Luley chased him right through with 210 for a total. The team made an average of 588 for the three games and all of the men bowled in unusual form. This win gives the Rubnomores nine straight victories as the club has not lost a game since the opening of the season. The score:

SCHULZ MAY GET BACK IN GAME.

Michigan's Captain Receives Permission to Take Examinations.

Ann Arbor, Mich., Oct. 20.—When the committee on eligibility of athletes gave Captain Schulz permission to take his "con" examination today, it paved the way for the center's first football game of the season. "This 'con' has kept him out of three of the first games of this year's schedule. The doctor, who remained in the pivot position throughout the secret practice last night, and when Coach Vest returned from the field he was loud in his praise of the work the men did in their first workout after the Notre Dame game. "This," he said, "is the best practice we have had this season. Every man was on his toes and there was hardly a false during the three hours of practice. Every one knew his signals. Yes, the prospect is much brighter."

But there was a feature that the coach did not admit and this is the fact that Jim Watkins, the full back last year against Pennsylvania has probably played his last game of football. Four days ago in the M. A. C. game the veteran was hurt around the head. The following Monday he was again hurt in scrimmage and yesterday he was subjected to an X-ray examination. The doctor found that the star had congestion of the brain and advised him to stay out of the game indefinitely, which practically amounts to the rest of the season at this time of year.

Instead of having seven vets in the game next week with the Ohio State, Michigan will have but a half dozen. However, students think Michigan is more on the ascent and that there is now hope of beating Pennsylvania than at any other time.

Mr. Sunday's Choice for Center

DOYLE IN PRACTICE AT POLO GROUNDS

REV. "BILLY" SUNDAY

PICKS A STAR TEAM

Noted Evangelist Writes Magazine Story of Game.

Rev. "Billy" Sunday, the noted evangelist and former outfielder of the White Sox, has picked an All-American baseball team for Collier's Weekly and in the issue that is just coming out he gives the names of the men, discusses in a terse way their good qualities and gives his reasons for selecting the men. His pick is as follows:

FIRST BASE AND CAPTAIN—Chance. He has proved by past and present work that he is a great player, fast on the bases, a reliable batter, a great first "sacker," and a magnificent leader. Chase is a more finished player and very fast, and Tenney, if a few years younger, would make a great first baseman, a reliable batter, a great first "sacker," and a magnificent leader.

SECOND BASE—Ladole. He works as noiselessly as a Corliss engine, makes hard plays easy, is great in a pinch and never goes "cold feet." Evers is coming at a furious clip—thinks quickly and acts like a steel trap; he is a class player.

THIRD BASE—This is difficult to decide, but all considered, I will give it to Bradley, although Steinfield and Devlin are primes in their positions. Bradley is great on "bunts," and as good a batter as the others—and is fast on bases and a good thrower—big, angular, just the build for a third-baser, a run-guy, and runs win. Devlin is second choice.

RIGHT FIELD—Cobb. I think most players in both leagues, without pretense, will give the palm to "Old Baldy" as fast as the Twentieth Century Limited, and a "ready" player. Magee, of the Phillies, suits me, too.

LEFT FIELD—Clarke, of Pittsburgh, looks good to me. He is the gamest of the game, and he might as well cross the diamond to the bench; but Mike goes for all there is in him for the home run, and "Babe" is a run-guy, too.

SHORTSTOP—Wagner. He is in a class alone. "Bats off to Hans!" I fail to find a flaw. He is always there with the goods, express charges prepaid. Wallace is next choice.

THIRD BASE—This is difficult to decide, but all considered, I will give it to Bradley, although Steinfield and Devlin are primes in their positions. Bradley is great on "bunts," and as good a batter as the others—and is fast on bases and a good thrower—big, angular, just the build for a third-baser, a run-guy, and runs win. Little Stories of the Baseball Players.

NICK ALTROCK'S NARRATIVE.

Nick Altrock, the comedian pitcher of the White Sox club, and one of the very best fellows in the league, yesterday related in his usual inimitable style an experience that he and Jiggs Donohue, the first sacker of the Sox, had when they were on their way out.

"Nick got the story off in the following manner: "When we was all coming back east," started off Altrock, who cares not a fig for grammar and who no doubt holds Bradley Murray and his work in the utmost contempt, "me'n Jiggs Donohue slipped away from the bunch one night when we were on our way out. It was about 11 o'clock that night Jiggs got hungry, and as we had all heard how the fish got up in Cleveland are the best fish because I can catch them. And that one of the lake there, we went into a restaurant and Jiggs called for two orders of lake trout; but the waiter, who was a fish head, told us that the fish were not in the lake there, and he told us to go to the fish market and buy some fish. And that's the story of the fish."

"But," went on Altrock, "me'n Jiggs we put up a bottle and swore we wasn't going to leave until the waiter had come to produce the fish, and he told us that they didn't have any fish."

"But," went on Altrock, "me'n Jiggs we put up a bottle and swore we wasn't going to leave until the waiter had come to produce the fish, and he told us that they didn't have any fish."

THIS SIMPLE CURE FOR
STOMACH TROUBLE
ACTS PROMPTLY

More Gastric Juice and No
Food Fermentation in
Your Stomach.

Why not start now—today, and forever rid yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good cut, then take Pape's Digestin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Digestin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Digestin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to begin taking Digestin. Tell your druggist that you want Pape's Digestin, because you want to be thoroughly cured of Indigestion.

GREAT PETROLEUM OUTPUT.

Production in United States in 1907 Was Record Breaker.

Washington, Oct. 20.—The petroleum production of the United States in 1907, says geological survey reports issued today, was characterized by a total output far in excess of any previous year, an unparalleled accumulation of stocks, in spite of which the price of all grades of oil was kept at a high level.

The sensational developments were the great increase in the new Illinois field and the phenomenal yield in Oklahoma, together with increase in both quantity and price in California. The total product was 166,095,335 barrels in 1907, an increase over 1906 of 39,601,399 barrels, or more than the total production of petroleum in any year up to 1889. The total value increased from \$2,444,736 in 1906 to \$120,160,749 in 1907. The average price decreased only slightly.

During 1907 a total of 18,855,991 barrels of oil were used as fuel by the railroads of the United States, as against 15,557,677 barrels in 1906. Most of the oil consumed was crude oil.

Cleveland Woman Tries to Kindle Fire With Kerosene.

Cleveland, O., Oct. 20.—An attempt to light a fire with kerosene cost the life of Mrs. Mary Petlak, 2379 West Seventh street today, inflicted burns upon her husband, Lawrence, from which he will probably die, and came near burning their infant child, asleep in an adjoining room. The bravery of John Dinji, a boarder, who took the little babe in his arms and leaped with it from a second story window, saved its life, but at the expense of serious injury to himself. The body of Mrs. Petlak was burned to a crisp.

HIGHER DIVIDEND THAN EVER BEFORE IS DECLARED

Home Telephone Company is Doing Much Work and Prospering.

Directors of the Home Telephone and Telegraph company at their meeting Monday evening declared the regular October dividend of 3 per cent on its common stock, together with an

extra dividend of 1/2 of 1 per cent. This is a higher dividend than has ever before been declared in any similar period by the company.

The company is just now bending its energies to removing as far as possible all its wires from the streets and alleys in the congested downtown business district, and have made much headway in the work. Underground wiring and cable equipment is being used, and it is expected that within a short time the company will have very few exposed wires in the downtown district.

At the meeting Monday evening the company also decided to purchase a new switchboard and operating equipment for its exchange at Sturgis, Mich. There are now about 600 telephones in service there and the exchange is growing. The improve-

ments will represent an expenditure of about \$4,000 and will accommodate 800 telephones.

THE COME AND SEE SIGN

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?
It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?

Come and See.
Do the women of America continually use as much of it as we are told?

Come and See.
Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See.
Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.
Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.
Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

HEARST PROCURED OIL LETTERS THROUGH EMPLOYEES

Paid \$12,000 to Have Them Stolen—Best of Them Yet to Come.

New York, Oct. 20.—Under the title, "Mr. Hearst's Thieves," this week's issue of Collier's Weekly, which will be on the news stands Thursday, contains an article by Arthur H. Gleason, telling the inside history of the way in which the John D. Archbold letters were stolen from the Standard Oil office, photographed, returned and the photographs sold to Mr. Hearst's newspapers for a trifle over \$12,000.

A considerable part of the article is taken up with interviews with the two men charged with obtaining and selling the letters. Summary of the article is given by Mr. Gleason in these words:

"The Standard Oil letters of John D. Archbold to Senator Foraker, Representative Sibley and other eminent politicians, of which Mr. Hearst has made effective use through the present campaign, were sold to the New York American office by Charles Stump, a confidential messenger of the Standard Oil company. The letters were brought to him by William W. Winfield, a negro in the office of John D. Archbold. Winfield is the stepson of Mr. Archbold's butler. Stump and Winfield cleared a trifle over \$12,000 by the transaction and made merry through 1935 on the proceeds, running a saloon, playing the races and leading a swift metropolitan life."

The article shows that Mr. Hearst has had the photographs of the letters in his possession for three years, to have taken place in 1935.

More Sensations to Come.

Stump, who is quoted at length in the article, is authority for the statement that Mr. Hearst has many more interesting letters than those which have already caused so much talk.

"And yet, you know," Stump is quoted by Mr. Gleason as saying recently, "Mr. Hearst hasn't begun to read the best of the letters. He's beginning easy. Wait till you hear him read the Senator Penrose and the Senator Aldrich letters. Then there'll be a sensation. What's happening now is nothing. He hasn't the originals, you know. They were returned to the Standard Oil files. Photographic copies were made and these are the ones Hearst is using. He hasn't originals, except a few Hanna letters, which may not come out at all."

Couldn't Get the Money.
In continuing his recital of the way in which the letters were taken and the photographs disposed of to Mr. Hearst, Stump, who now lives at 1086 DeKalb avenue, Brooklyn, said to Mr. Gleason:

"After the photographed copies of the letters were sold to the Hearst people some of the letters were returned to Mr. Archbold by a friend of mine. Mr. Archbold had offered us \$1,000, but he didn't pay it after he got his hands on the letters. "We knew it was too much risk to steal the originals and then keep them. J. D. A. would be sure to ask some day for some one of them, and where would we be? So we had to photograph them and then return them. "Willie fetched the stuff to me, but he never showed up at the Hearst office at all. They've never laid eyes on him. It's me that stands to lose on any publicity. Willie has nothing to lose. He's got his Tarrytown home. He's fixed, living there with his stepfather, who has the job with Archbold."

"You know Willie has always denied his guilt. He actually brought suit against Mr. Archbold at the time of his dismissal. Paid a lawyer to prepare the papers, and everything. He's a reckless fellow."

Takes Letters to Paper.
In taking up the narrative of the actual negotiations by which Stump sold the letters, Mr. Gleason writes: "It was at the close of 1934 that Willie Winfield brought the Archbold correspondence in bargain lots to his good friend, Charley Stump, and made him, the white man, the actual negotiator at the Hearst office in Park Row."

"Soon after the presidential election of 1934 Stump became a familiar figure of nights in the editorial rooms of William Randolph Hearst's New York newspapers. Some of those who observed him thought him consumptive, because of his remarkable pal-

Once Breaker Boy, Now to Be Bourke Cockran's Successor.

Michael F. Conry Running for Congress in Strongly Democratic District—Coal Mine Timekeeper Taught Him to Read—With That as Beginning, He Became Teacher at Age of Sixteen Years.

New York, Oct. 24.—"From the coal mines to congress" may after the election suggest itself as the title for an interesting story of the life of Michael F. Conry, who is running on the democratic ticket for the place that up to this year has been held by W. Bourke Cockran. The rapid rise of Mr. Conry, who began life as a breaker boy in the coal mines of Pennsylvania, and the hard fight that he made to get to the top of the ladder, is one that is seldom equalled.

As a result of his hard fight Mr. Conry is now the candidate for congress from the Twelfth district, which is so largely democratic that the nomination on that ticket is looked upon as equivalent to election.

Not alone his election to congress, but the fact that he is to succeed Mr. Cockran, who for years has been one of the most brilliant and eloquent orators of the country, will add to Mr. Conry's prestige.

Born in Shenandoah, Pa., thirty-eight years ago, Mr. Conry was put to work as a breaker boy when he reached the age of eight years. Up to this time he had never attended a school and knew nothing about reading and writing. But he knew other boys, who did go to school and had made up his mind to get an education for himself.

There were four or five other boys like him who also worked in the mines. They banded themselves together and secured the assistance of the timekeeper, who at one time had been a school teacher in Ireland. He consented to teach the boys how to read and write.

Every day from that time on the timekeeper would get his little class together during spare moments and in the evenings after their day's labor in the mines was over. They had no text books, but instead their teacher made a blackboard from a large piece of sheet iron, and on this he illustrated the lessons.

For five years this course of instruction continued, the pupils progressing with their studies faster than boys who attended the schools in that town. This was because of the ambition that the teacher had put into the boys to educate themselves, so that some day they could quit their arduous labors in the mines and make a name for themselves.

When thirteen years of age Conry was injured in an accident and was compelled to quit work. This enforced on him the chance that he so long desired. With the assistance of friends he was able to go to school. He studied so hard and progressed so rapidly that at the age of sixteen he was given a position as teacher of a primary grade. While doing this he continued to study himself, and at the age of twenty had advanced so far

that he was given the position of principal of the local high school in his town. He held the post for three years, acting at the same time as correspondent for several newspapers.

In that way he managed to get together enough money to pay his way through college. He decided to take up the study of law, and with that object in view entered the University of Michigan. Graduating from that institution in 1896 with the degree of LL. B. and B. A., he went to Scranton, Pa., where he began to practice law.

After a few years he entered politics in Scranton and with success that he was given the nomination for congress from that district. His opponent at this time was William Connell, who was a multi-millionaire coal operator. Although practically without funds, the young lawyer waged a strenuous battle, going into the coal regions and making more than a hundred speeches during the campaign.

Connell was elected by a slight margin, and Conry made charges of fraud, claiming that he himself had been elected. His opponent, though, was sent to congress, and Conry decided then to come to this city to continue his fight for fame.

He located in the Twelfth congressional district and immediately became a member of the Tammany Hall organization. In a short time he was recognized as a bright young lawyer and was given several important duties by Mr. Murphy. He was appointed to the office of assistant corporation counsel and held this position until two years ago, when he resigned and engaged in a four-cornered fight for the leadership of the Sixteenth Assembly district, which post was held at that time by Fire Commissioner Lantry. The latter succeeded in retaining his hold on the district until recently.

Mr. Conry is a member of the law firm of Kirk & Conry, of No. 130 Fulton street, and lives with his wife and three daughters, Florence, six years; Kitty, four years, and Clare, two years, at No. 272 East Forty-ninth street.

He is connected with many clubs and societies, among them being the Chickasaw club, the Clann-na-Gael society, the Ancient Order of Hibernians, the Holy Name society, the Xavier Alumni society, the University of Michigan club and the New York County Lawyers' association.

BIG DIAMOND ROBBERY.

Richmond, Ind., Oct. 20.—More than \$1,000 worth of diamonds, jewelry and silverware were stolen from the residence of Attorney Paul Comstock last evening and the police have no clue to the robbers. The house was entered before 7 o'clock, while Mr. and Mrs. Comstock were away from home. They were not absent more than an hour, but upon their return found every room had been ransacked.

A JEWELER'S EXPERIENCE.

C. R. Kluger, The Jeweler, 1006 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Dreier & Bros.

The total estimate for the New York Department of Public Charities for 1939, as submitted by Commissioner Robert W. Heiber, is \$3,111,297.69, an increase over the appropriation for 1938 of \$742,855.18. The chief increases are for salaries of attendants and other employees in the big hospitals maintained by the city. Wages have been so low that the city has had great difficulty in maintaining an efficient force.—Charities and the Commons.

A POSITIVE CURE FOR DANDRUFF.

Zemo stops itching instantly and will cure any case of Dandruff or itching scalp. Zemo destroys the germ that causes the disease and prevents falling hair. It will give the hair a rich glossy color and leave the scalp in a clean, healthy condition. Zemo is the best remedy for tender or sore face and is delightful when used after shaving. For sale by Meyer Bros. Co.

France stands alarmed by an increase of something like 10 per cent in four years in the cost of food, clothing and other necessary supplies. Milk is 13 per cent higher, meat 27 per cent, cheese 16 per cent, Oil 25 per cent. The price of rice has doubled. Rents follow the upward trend.—New York World.

ARE YOU ONLY HALF ALIVE?

People with kidney trouble are so weak and exhausted that they are only half alive. Foley's Kidney Remedy makes healthy kidneys, restores lost vitality, and weak, delicate people are restored to health. Refuse any but Foley's. Dreier & Bros.

RICHMOND HAS COLD BREAKFAST

Richmond, Ind., Oct. 19.—Richmond went without a hot breakfast this morning. The principal pipe line of the Richmond Natural Gas company broke last night at some point west of the city and the entire supply of fuel was shut off. Ninety per cent of the homes in Richmond use natural gas for cooking purposes.

HOW TO CURE SKIN DISEASES.

The germs and their poisons must be drawn to the surface of the skin and destroyed. Zemo will do this and cure any case of skin or scalp disease, no matter from what cause or of how long standing. Write for sample. E. W. Rose Med. Co., St. Louis, Mo. See photos of cures and window or show case display at Meyer Bros. Co. Drug Stores.

Lackawanna is the highest priced railroad stock in the world. The par value of its shares is \$50, and the price ranges between \$500 and \$600. A small transaction—a hundred or a few hundred shares—causes a loss or gain of from 10 to 40 points. The road is owned by the Rockefeller, Stillmans and Astors (and their associates), and is operated with the same foresight that has always distinguished Standard Oil. Its mileage is small; its dividends are enormous. Its capital stock is only \$26,200,000.—New York Press.

ECZEMA IS NOW CURABLE.

Zemo, a scientific preparation for external use, stops itching instantly and destroys the germs that cause the disease.

This remarkable medicine has cured more chronic cases of Eczema and other skin diseases than all other remedies on the market combined. Meyer Bros. Co., the Druggists, say they believe Zemo to be an honest medicine and that it will do all that is claimed for it.

ROOSEVELT ORDERS LID RIPPED FROM BANK WRECKING

Commands Trial of Pennsylvania Cashier—Hurts Penrose Machine.

Washington, Oct. 20.—At the request of N. W. Sayers, A. P. Moore and E. C. Norris, of Wayneburg, Pa., President Roosevelt yesterday made the first move toward lifting the lid from the Pennsylvania banking scandal. He directed J. W. Dinkley, United States attorney, to proceed with the trial of J. B. Rinehart, cashier of the United Farmers' and Drivers' National bank of Wayneburg, suggesting that a week's time was enough to arrange for the trial. At the same time he sent a message to James S. Young, district judge at Pittsburgh, saying the government would consider it a favor if he would expedite the trial.

Later in the day word was received from Pittsburgh that Judge Young had set the trial for Jan. 4, 1939, and that Rinehart had given two bonds of \$50,000 each for his appearance for trial on that date.

Politics Delays Trial.

Rinehart has been under indictment since July, 1936. The bank of which he was cashier closed its doors in May of that year with liabilities amounting to substantially \$1,300,000. Political influence alone, it is believed by the depositors, has enabled Rinehart to escape arraignment for trial. He was virtually the manager for one candidate for county judge, President Walton, of the bank, is a state senator and has been able to command the support of the Penrose machine because he will have a vote in the election of United States senator next January.

Sayers, Moore and Norris came here as a committee representing the depositors in the despoiled bank. Moore declared to the president that the depositors would never get a cent unless he compelled the trial of Rinehart, and unless that trial was brought on soon the statute of limitations would make it impossible to maintain the prosecution. He said there was no question but that the bank was used by some of the biggest politicians in the state. The committee charged that the funds of the bank were used in the judicial campaign just as if they belonged to Cashier Rinehart.

Write Checks on Ballots.

Mr. Moore, acting as spokesman, said that voters were bought without attempt at concealment, orders on the bank being pencilled on the backs of ballots. The committee exhibited samples of such ballots. In one case the committee charged \$500 was paid for a single vote, but toward the end of election day the price fell as low as \$10, because each side was confident of victory. The committee expressly exonerated Judge Ingham, the man who was elected, from knowledge of the crooked work.

Attorney General Bonaparte was directed to make an inquiry as to why Dinkley had not shown greater diligence in bringing the case to trial.

Mr. Moore said the depositors had little hope of getting any large percentage of their money back, but they would like to have the facts as to where it went brought out in a trial.

WOMAN INTERRUPTS POLITICAL SPEAKER.

A well dressed woman interrupted a political speaker recently by continually coughing. If she had taken Foley's Honey and Tar it would have cured her cough quickly and expelled the cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes. Dreier & Bros.

"Fat Anna" the Largest Passenger Engine on the Pennsylvania.

SICK AND DESPONDENT ENGINEER COMMITS SUICIDE

Former Fort Wayne Man
Throws Himself in
Front of a Train.

Toledo, O., Oct. 20.—With his wife following close behind begging him to stop, Charles Drager, 48 years old, formerly a locomotive engineer on the Ann Arbor and Cincinnati, Hamilton and Dayton road, upon hearing an engine whistle, rushed from his home this morning to the Wheeling and Lake Erie tracks, a block distant, where he threw himself under a passing freight train and was instantly killed. Drager gave up his position with the Ann Arbor a few weeks ago on account of ill health. He formerly lived at Fort Wayne, Ind.

INVITED TO BELLEVUE.

Friendship Auxiliary Asked to Exemplify Degrees There.

Friendship lodge, No. 18, Ladies' Auxiliary to the Brotherhood of Locomotive Engineers, is in receipt of an invitation to Bellevue, Ohio, on Friday, November 12, to exemplify the work in the initiation of a class into the auxiliary of that place. The lodge work will be followed by a reception and possibly a dance. The invitation will come before a special meeting to be held at 2 o'clock next Thursday afternoon and it is believed it will be accepted. This special meeting has been called to consider some important matters and officers are anxious to have a good attendance. One of the things to be attended to will be the appointment of committees for a Halloween party, at which the guests will be the brotherhood men and the members of their families. One of the officials of the Auxiliary said this morning that it was quite likely that a crowd of upwards of fifty would go to Bellevue on the 30th of November.

"FAT ANNA" DOING WELL.

Glowing accounts of the work of the big passenger engine, No. 7067, which is now regularly employed in the passenger service on the Eastern division of the Pennsylvania, have been received here. This engine is said to

be the largest locomotive ever seen in Fort Wayne. It was first brought here after leaving the locomotive works in Pittsburgh, where it was built and was given a thorough "try out" in fast freight and heavy passenger service, but did not perform satisfactory at first on account of difficulties with journal boxings. The difficulty was soon overcome, however, and before the engine was sent east, she behaved admirably and became quite a "favorite" with the engineers and the round house attaches. By them she was known as "Fat Anna." This big locomotive is now hauling heavy passenger trains over the eastern division and is giving the best of service. The picture at the top of these columns represents "Fat Anna" as she appeared when she arrived in Fort Wayne over a year ago.

B. & O. FOREMAN HERE.

James T. McSweeney, of Garrett, was in the city today and spent an hour or two at the Pennsylvania shops, where he received courtesies from the foremen of the several departments. Mr. McSweeney, who has been foreman of the blacksmith shops of the B. & O. at Garrett for a year or two, has received the appointment of foreman of the blacksmith department of the big shops at Mt. Clair, near Baltimore, the most important shops on the entire B. & O. system, and he is now on route to Baltimore to take up his duties there. Mrs. McSweeney and Miss Mary McCarthy accompanied Mr. McSweeney this far on his way to Baltimore and will return to Garrett this evening. Mr. McSweeney said that Frank J. Mannix, the new erecting shop foreman of the B. & O. at Garrett, was getting along nicely and making friends rapidly among the railway and shop men.

JUMPED DOWN THIRTY FEET.

Benjamin Reimann, a fourteen-year-old boy employed at the Knitting mills, jumped from the third story of the new addition of the factory to escape a comrade in the game of tag at the noon hour yesterday. The distance was thirty feet and the lad was injured internally, but no bones were broken and it is believed he will be all right in a few days. He explained his reckless action by stating that he thought he was on the second story of the building and did not realize the distance nor the danger when he sprang from the window. Young Reimann was taken to his home at 1427 Wall street.

SHOULDER BLADE BROKEN.

Leroy C. Schrader, an apprentice at the Wabash machine shop, is in the company's hospital at Peru, suffering from a broken shoulder blade. The injury is the result of a friendly wrestling match with a comrade at the home of John Schrader, a farmer residing near Columbia City, Sunday afternoon. Schrader had gone there for a visit. He was taken to Columbia City, where Dr. F. G. Grissler reduced the fracture, and the injured man was then sent to the hospital in Peru.

BURNED BY ELECTRIC FLASH.

The right hand of J. R. Conick was severely burned last evening by an electric flash as he was engaged in doing some special work in the Pennsylvania power plant. The flesh of the inner side of the fingers and the palm was blistered most painfully, but no serious results are apprehended. Mr. Conick is a motive power inspector for the Pennsylvania.

HAS CHANGED HEADQUARTERS.

R. A. Blair, road supervisor of the Fourth district of the Nickel Plate, has changed his headquarters from

Knox to Fort Wayne and brought his family with him. They are now residing on Union avenue. Mr. Blair was a section foreman at New Haven before taking his present position.

SYRIAN HAD FOOT BURNED.

Isaac George, a laborer at the Bass car wheel foundry, had a foot painfully burned by molten metal yesterday. He was taken to his home on Lafayette street, where he will be confined for a week or two at least, though the wounds are not very serious.

VISITING SHOP FOREMAN.

R. L. Klein, general car inspector of the Pennsylvania railroad, with headquarters at Altoona, and James Carner, general foreman of the Wilmington, Del., shops, were in the city today on business with the local motive power and shop officials.

BOILERMAKER INJURED.

L. H. Schank received a gash in the side of his right hand yesterday by striking the member against the sharp edge of a piece of boilerplate. He will be disabled several days.

INDUSTRIAL NOTES.

George Knott resumed his duties at the Electric works this morning after a week's absence.

William Boyce, a machinist's helper, resigned his position at the Wabash shops this morning.

Brakeman W. O. Miller, of the Nickel Plate, is taking a lay off to attend to some private business.

Mr. Martin, a Canadian Pacific Dispatch representative, with headquarters in Detroit, was in the city today.

J. W. Lange has taken a position with Shipping Department Foreman Martin Cramer, at the Pennsylvania shops.

B. Volt, J. B. Ueber, E. Hans, Christian Rhein, W. Rodenbeck and F. H. Piper, Pennsylvania shopmen, are sick and out of duty.

Nickel Plate Engineer Arthur Crapper has returned from a fishing expedition to Claypool, Ind. He had in different luck.

John Hebert, machinist, resumed work at the Pennsylvania shops this morning, after being absent a few days on account of sickness.

Mrs. William Haenel, wife of the Nickel Plate engineer, has returned from Bellevue, where she was visiting relatives and friends a few days.

Nickel Plate Conductor Joseph Stephens has returned to his duties on the road, after a three weeks' visit with friends in northern Michigan.

Ed Mannix and Frank Connors, of the Pennsylvania shops, were the guests of Frank J. Mannix, of the Garrett shops of the B. & O., last Sunday.

S. E. Claudy, who had a finger crushed a few weeks ago, while at work at the Pennsylvania blacksmith shop, reported for duty this morning.

F. E. Winter, chief clerk to Consulting Engineer Isaac, of the Harriman lines, spent Sunday in the city with his uncle, Norval N. Gorham, the Nickel Plate operator.

A. L. Freiburger, who fell in a pit and was hurt last week, and J. M. Miller, who was sick a week, resumed their duties in the Pennsylvania boiler shop this morning.

W. H. Robertson has taken a position as engine cleaner at the Pennsylvania round house. He succeeded Frank Hekelskie, who quit yesterday to go to Pittsburg to reside.

A. J. Bobay resumed his duties as engine painter at the Pennsylvania shops this morning. Four months ago he had three fingers cut and bruised so badly that they had to be amputated.

Mr. McMartin, of the New York Pneumatic Service company, is here to inspect some machinery that is being built for the company by the Fort Wayne Electric company.

C. E. France, of the Pennsylvania round house, who was operated upon at St. Joseph hospital for appendicitis two weeks ago, is getting along nicely and hopes to be out in a short time.

Dahlgren Benning has returned from the Rosebud territory in South Dakota, where he registered for the purchase of government land. He resumed his duties at the Electric works this morning.

Edwin Relinking, of the Kerr Murray works, who has been in poor health for some time, will leave the latter part of this week for California to remain permanently. He hopes to be restored to health by the climate of that state.

At the meeting of the Electrotechnic club tonight eleven applicants will be added to the membership roll. The lecture will be delivered by Mr. Case, of the Kerr Murray works, his subject being "Artificial Gas."

George A. Fritz, one of the early engineers on the Third district of the Nickel Plate, who went to Kansas City to engage in river steamboat business, has moved to Parkersburg, W.

Va. He is well known by the older employees on the road.

News from Engineer Robert Cowen, who is in New York taking treatment for rheumatism, is of an encouraging character. He writes that he is getting along nicely and expects to return to Fort Wayne soon in perfect health. Mr. Cowen has worked on the Pennsylvania a quarter of a century.

Drager was probably employed as a fireman when a resident of Fort Wayne, as inquiry at all the round houses failed to bring out any evidence that an engineer of that name was ever employed here. It is believed that he was one of the early employees of the "Findlay," a branch of the C. H. & D.

The city ambulance was called to the Pennsylvania shops at 1 o'clock yesterday to remove John Monning, a wheel lathe operator, to his home. Mr. Monning was taken suddenly and violently with neuralgia of the stomach soon after partaking of the noonday lunch. He is reported to be resting easily today. He will be out in a day or two.

Walter Brust, assistant supervisor of the eastern division of the Nickel Plate, is acting supervisor of the western division until a successor to M. H. Harmon has been appointed. Mr. Harmon, it will be remembered by the readers of The Sentinel, died in Fostoria last Friday, after an illness of two or three weeks with typhoid fever. Mr. Brust, it is said, may receive the appointment to the office.

A new crew list became effective on the Pennsylvania yesterday, when three of the young engineers who had been firing for several months, were returned to the throttle side of the engine. They were W. A. Loos, T. J. White and P. Spindler. There are still quite a number of the new engineers engaged in firing and until business, which is better than it was several weeks ago, resumes normal conditions, they will continue in that line.

Thomas J. King, an erector for the Kerr Murray company, now engaged in installing a gas plant at South Omaha, Neb., was in the city awhile yesterday, on business for the company. While here Mr. King gave out news of his marriage to Miss Ella Job. The marriage took place at Jacksonville, Ill., the home of the young lady, last week. At the completion of the job at South Omaha, Mr. and Mrs. King will come here to reside.

Engines 25 and 216 have been received here, as good as new, they having received general repairs in the Stout Island shops of the Nickel Plate. No. 25 will haul a local freight train between this city and Lelapsie and No. 216 is equipped for switching and will be assigned to the Fort Wayne yards, in charge of Engineer Will Hurlburt. Engineer John Botger and Fireman Frank Longworth will have charge of 25 in the local freight service.

NOTES OF THE DAY.

The celebrated grotto known as Arpaia at Portovenere in the Gulf of Spezia, where Byron is said to have written a great portion of "The Corsair," has almost entirely collapsed owing to a landslide, and its entrance from the sea is now blocked up. The following inscription, put up some years ago, is now under water: "This grotto, which inspired Lord Byron to the sublime poem 'The Corsair,' recalls the immortal poet who, a courageous swimmer, from Portovenere to Lerici challenged the waves of the Ligurian sea."

ROADMASTER DOLAN HAS QUIT TRACTION SYSTEM

Tendered Resignation To-day—No Successor for the Present.

William Dolan, long connected with the Fort Wayne and Wabash Valley Traction company, today tendered his resignation as roadmaster of the big system. Mr. Dolan has made no announcement of his future plans.

It is said that for the present no roadmaster will be appointed to succeed him. The work of the position

will be divided between H. V. Norford, the assistant chief engineer, and J. J. Brennan, the chief line foreman. No successor has been named to Chief Engineer H. L. Weber, who announced his resignation two weeks ago.

New System Works Well.

The plan of having a baggage agent meet incoming interurban cars at the city limits to arrange for the care of baggage of passengers, is working admirably, and it is said that other companies entering Fort Wayne will soon follow the lead of the Wabash Valley in this matter. The practice has long been in vogue on the steam roads. The Wabash Valley is preparing to inaugurate the system at Logansport.

SAYS LYMAN MANN IS GUILTYLESS.

Witness Comes Forward With Story Bearing on Chicago Murder.

Chicago, Ill., Oct. 20.—A new witness in the Florence Thompson murder case was discovered last night by whose testimony Mann's attorney is said to expect to prove that Luman C. Mann was not the

woman's slayer. This latest witness to enter the case is Charles McCormick Clawwater, who, it is said, was employed until recently on a Milwaukee newspaper. He made a statement saying it was he who accompanied Mrs. Thompson to the Michigan avenue rooming house in which she was murdered.

It was Mrs. Thompson, declares Clawwater, who suggested that he register under the name of "E. H. Raymond." Clawwater was taken to the house at 1242 Michigan avenue and he readily pointed it out as the one which he and Mrs. Thompson entered on June 27th.

He said he knows nothing of the murder, but he will be a witness for Mann, who is now under indictment charged with the crime.

Edward V. Hannas, a chauffeur who took Clawwater to the scene of the murder, says the latter went after pointing to the house where Mrs. Thompson was slain. Inspector Wheeler will question Clawwater today.

Clawwater is about 30 years old. He says he did not learn of the murder of Mrs. Thompson until after Mann's arrest.

A Public Institution

This store is in many ways a public institution. Its service is no small element in the comfort of the public. Its obligations to the public are many. How well those obligations are kept our public knows. Merchandise that is absolutely reliable; business methods free from tricks, baits and shams; prices that are as low or lower than usual prices for equal merchandise; store service that is prompt and pleasant—these are the lines upon which this business is growing broader and better from day to day.

In Our Suit Room

You will find originality of style and excellence of materials and workmanship to an unusual degree at prices that are most reasonable; for instance, we offer a fine Broadcloth Suit in navy blue, brown, green and black, tailored right, and in the newest style, at \$20.
Swell styles in tailor-made Linen Waists at \$1.50, \$2.25, \$3 and up to \$8.
Taffeta Silk Petticoats in black and all wanted colors; three styles to chose from and the best ever shown for the price, which is \$5 each.

Women's Furs

A magnificent showing. No woman who would see the most representative stock of high grade Furs can omit an inspection of our display. Every favored Fur in every correct style is here, with prices exceedingly low and the Rurode guarantee of quality back of every price. Here are some specials:

- Blended Mink Scarfs, \$3 each; Muffs, \$4 each.
- Isabelle Opossum Scarfs and Muffs, \$4.50 each.
- Blended Squirrel Scarfs and Muffs, \$7 each.
- Japanese Mink Scarfs, \$9 each; Muffs, \$15 each.
- Natural Mink Scarfs, \$15 each; Muffs, \$25 each.

Millinery

A Hat for every face, a price for every purse. If you wish to choose where the variety is greatest, the styles the latest and the values the best you'll come here for your new Fall Hat. We keep in close touch with the style makers, and our Millinery reflects the very newest New York and Paris ideas. If you buy here you will have a lovely and becoming Hat at less cost than you would have believed possible. Let us show you.

Women's Underwear

Experience taught us long ago to draw a sharp line in buying Underwear between the bad and the good. No matter what sort of garment you have in mind or what price you wish to pay you can be suited here, backed by our word that it is of the good class and the best obtainable for the price. Every good make of knit underwear for women and children is represented here. We call special attention to exclusive line of

CITY BREVITIES.

J. F. C. Sprinkle is home from a trip through northern Michigan, in which he saw many of the fierce raging forest fires.

Township Trustee Cornelius Gearn has resumed the duties of his office, after having been confined to his home for several weeks with illness.

Mrs. Lily Bassett, of 917 Archer avenue, submitted to an operation for appendicitis at the Lutheran hospital last evening and is reported as doing very nicely.

L. S. Rider was brought from Van Wert to this city yesterday and removed to the Lutheran hospital in an ambulance. He fell off a porch at Van Wert, breaking his hip. His condition is said to be serious.

John W. Sale, a member of the Indiana Vicksburg Military Park commission, has gone to Vicksburg to inspect several monuments which were erected on the location occupied by the Indiana regiments in the siege of that city.

C. A. Howe, chief illuminating engineer for the Holophane company, of Chicago, is in the city for several days and Wednesday evening will give a lecture in the Commercial club rooms on "Illumination." Mr. Howe is one of the best authorities in the country on the subject of artificial illumination and the entire public is invited to hear his talk.

Yesterday we received our fourth shipment of Stetson exclusive \$5 stiff hats since September 1. The good dressers appreciate the quality that's in them as well as the style.

Cold Wave Stoves

Economy in fuel means the saving of a good many dollars in not a very long time, either.

Our Hot Blast Air Tight Wilson is the best economizer we know anything about. It not only saves on the fuel bills, but it will produce more heat from the amount of fuel consumed than any other stove on the market. It burns soft coal, lignite, coke or wood, and will yield splendid results. There'll be a hot time in your parlor if you buy one of our famous down-draft Wilson Heaters.
